

QUOTE REPLICATOR

Complete setup & guide of Quote Replicator

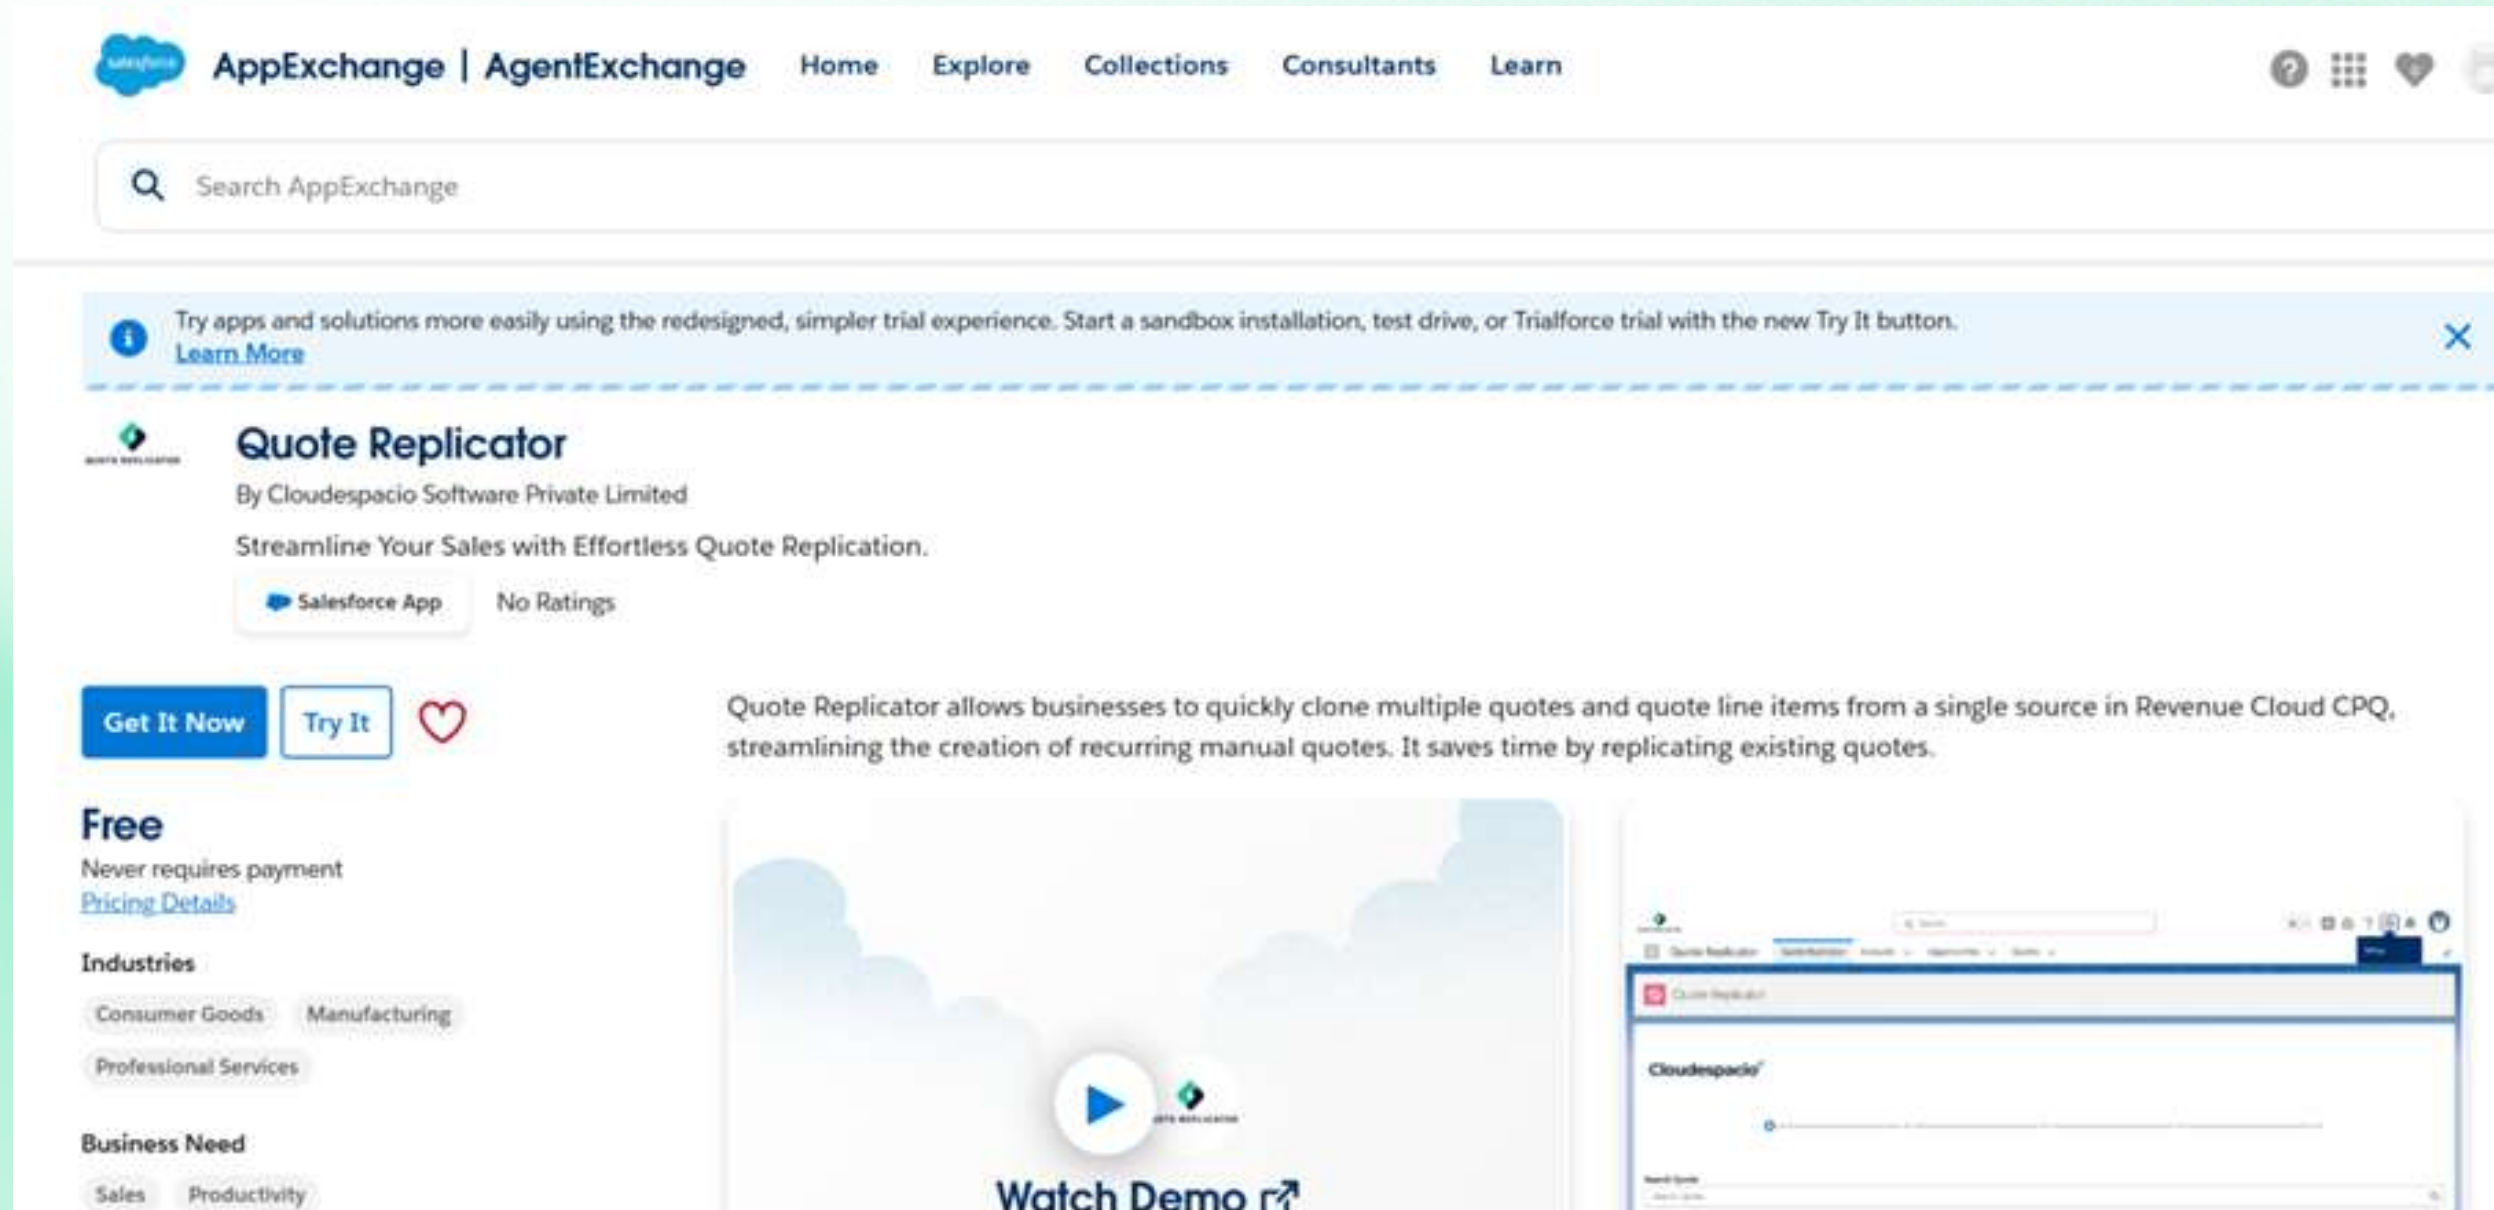

STEP BY STEP

01  Open the App launcher and click on 'visit App Exchange'.

A new tab will open here search “Quote Replicator ”
click on ‘Get it Now’ option.

The screenshot shows the Salesforce AppExchange page for the Quote Replicator app. At the top, there's a navigation bar with links for AppExchange, AgentExchange, Home, Explore, Collections, Consultants, and Learn. Below this is a search bar labeled "Search AppExchange". A blue banner at the top of the app listing area promotes a redesigned trial experience. The app listing for Quote Replicator includes the app icon, the name "Quote Replicator", the developer "By Cloudeespacio Software Private Limited", and the tagline "Streamline Your Sales with Effortless Quote Replication". It also shows "Salesforce App" and "No Ratings". Below the app name are two buttons: "Get It Now" (in blue) and "Try It" (in white with a blue border), followed by a heart icon for favorites. To the left of the main description, there's a "Free" section stating "Never requires payment" and a link to "Pricing Details". Below this, there are sections for "Industries" (Consumer Goods, Manufacturing, Professional Services) and "Business Need" (Sales, Productivity). The main description states: "Quote Replicator allows businesses to quickly clone multiple quotes and quote line items from a single source in Revenue Cloud CPQ, streamlining the creation of recurring manual quotes. It saves time by replicating existing quotes." At the bottom, there's a "Watch Demo" button with a play icon and a link icon.

03  Confirm the installation details, click on 'Confirm and install'.

Cancel

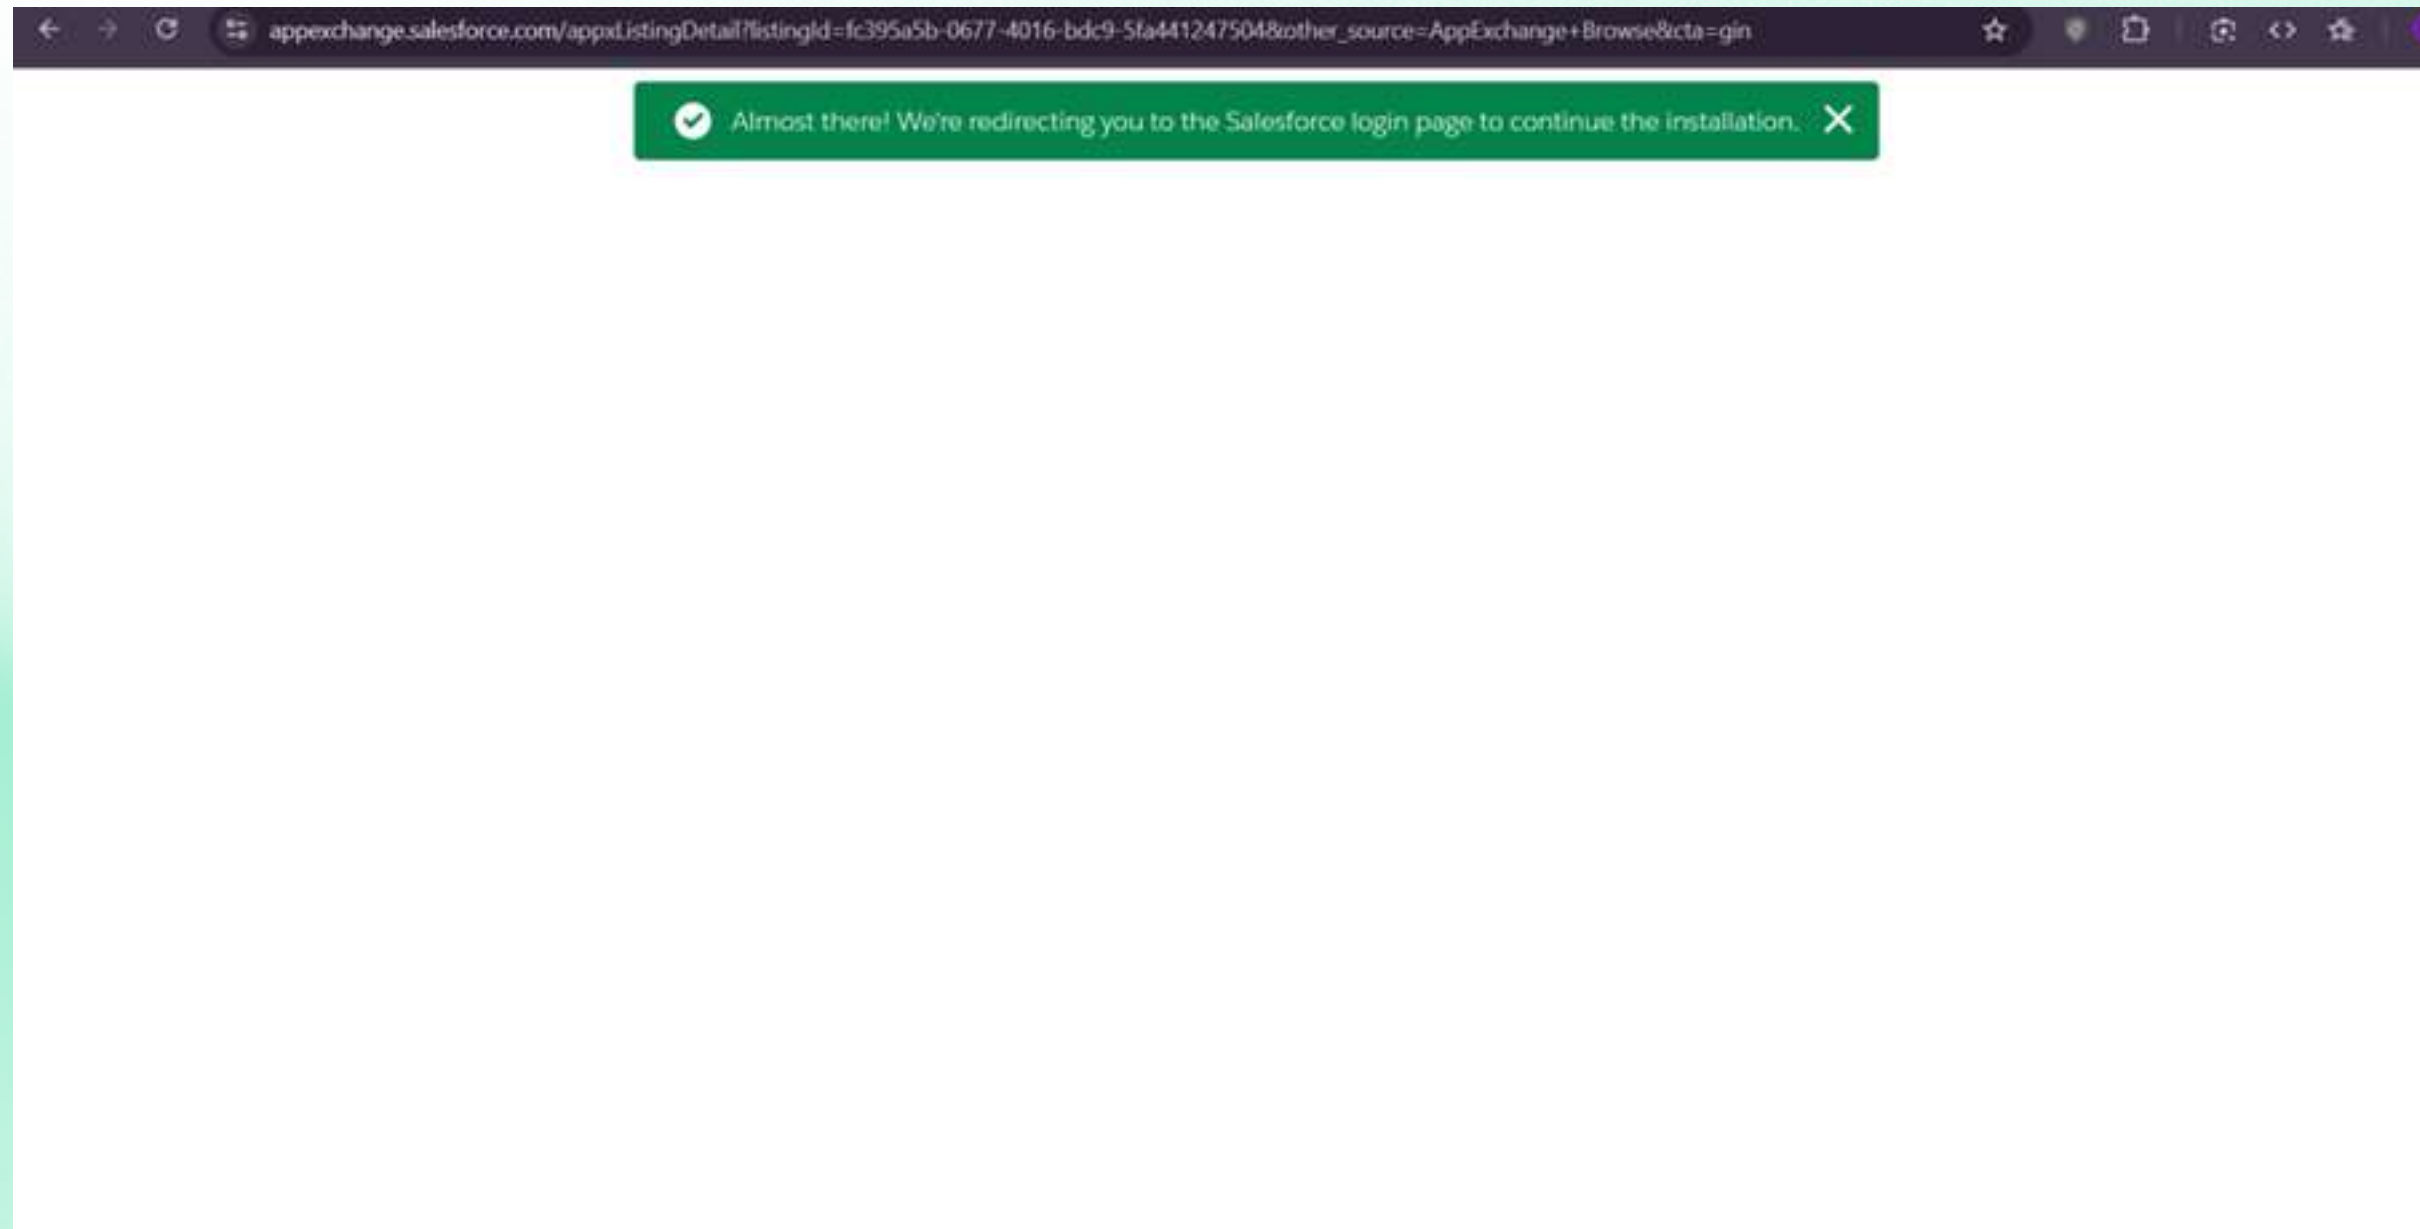

Confirm and Install

04 Step click on Clone Quote button

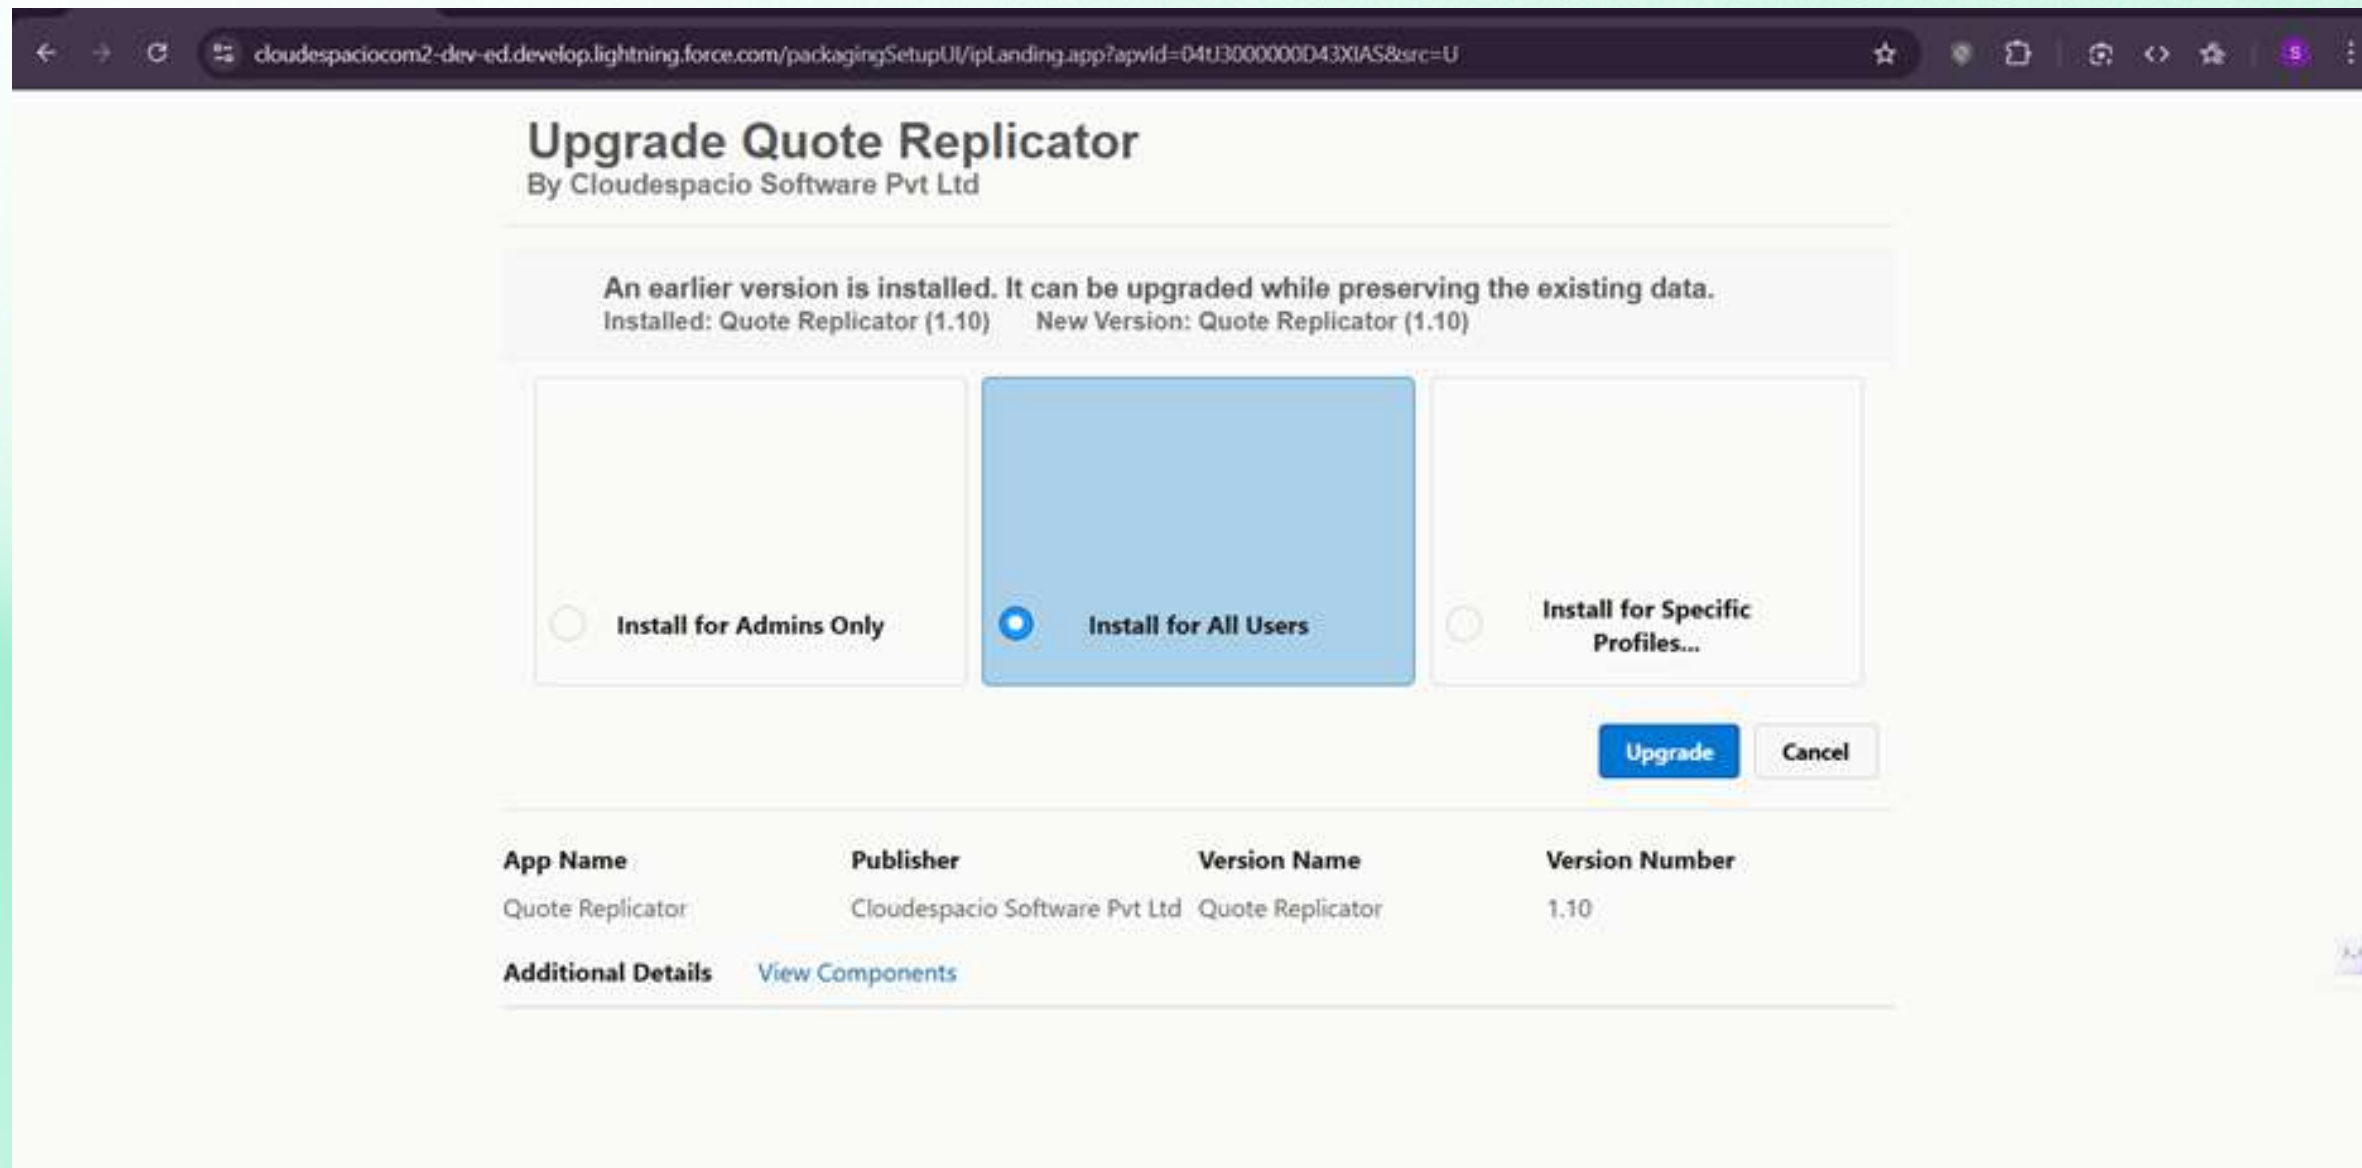

The screenshot displays the Quote Replicator application interface. At the top, there is a navigation bar with a search bar and a menu containing 'Quote Replicator', 'Quotes', 'Accounts', and 'Opportunities'. Below the navigation bar, a progress indicator shows four steps, with the first step being active. The main content area contains two quote cards. Each card has a 'Quote Name' field, a 'Quote Line' field, an 'Account Name' field, and an 'Opportunity Name' field. The first card shows 'Quote Name: Q-00021', 'Quote Line: QL-0000013, QL-0000015, QL-0000016, QL-0000017, QL-0000014', 'Account Name: Edge Communications', and 'Opportunity Name: Laptop for Front Office'. The second card shows 'Quote Name: Q-00021', 'Quote Line: QL-0000013, QL-0000015, QL-0000016, QL-0000017, QL-0000014', 'Account Name: Pyramid Construction Inc.', and 'Opportunity Name: Pyramid Emergency Generators'. At the bottom right of the interface, there are two buttons: 'Previous' and 'Clone Quote'.

- 05  *After the complete installation you have redirected to new tab like to be shown here.*

- 06  Now you have to select for which user you want to show the package.
Tip:- Select “Install for all Users”

App Name	Publisher	Version Name	Version Number
Quote Replicator	Cloudespacio Software Pvt Ltd	Quote Replicator	1.10

Additional Details [View Components](#)

07  This pop will appear after all the completion of all process.

Installed Packages

Installed Packages

On AppExchange you can browse, test drive, download, and install pre-built apps and components right into your salesforce.com environment. [Learn More about Installing Packages.](#)

Apps and components are installed in packages. Any custom apps, tabs, and custom objects are initially marked as "In Development" and are not deployed to your users. This allows you to test and customize before deploying. You can deploy the components individually using the other features in setup or as a group by clicking Deploy.

Depending on the links next to an installed package, you can take different actions from this page.

To remove a package, click **Uninstall**. To manage your package licenses, click **Manage Licenses**.
