

GLYNT.AI + Net Zero Cloud from Salesforce

Net Zero Hero Sustainability Data from GLYNT.AI

Automated audit-ready sustainability data for Net Zero Cloud

Businesses Around the Globe Face Increasing Demands for Sustainability Reporting

Just a few short years ago, reporting was voluntary and best efforts were sufficient. Today, customers and investors are asking for reports year-round. Regulations and financial standards have established extensive data and reporting requirements. And all reported data must go through an audit or assurance review.

GLYNT.AI Plus Net Zero Cloud is the Complete Solution

Net Zero Hero Sustainability Data from GLYNT.AI

Get accurate, audit-ready data on energy, water, waste and emissions

CHOOSE THE DATA SERVICE THAT IS RIGHT FOR YOU
