

Annotate Item Attachments - RenderDraw for PropelPLM

14 Steps

Created by

Erik Pilgrim

Creation Date

February 28, 2023

Last Updated

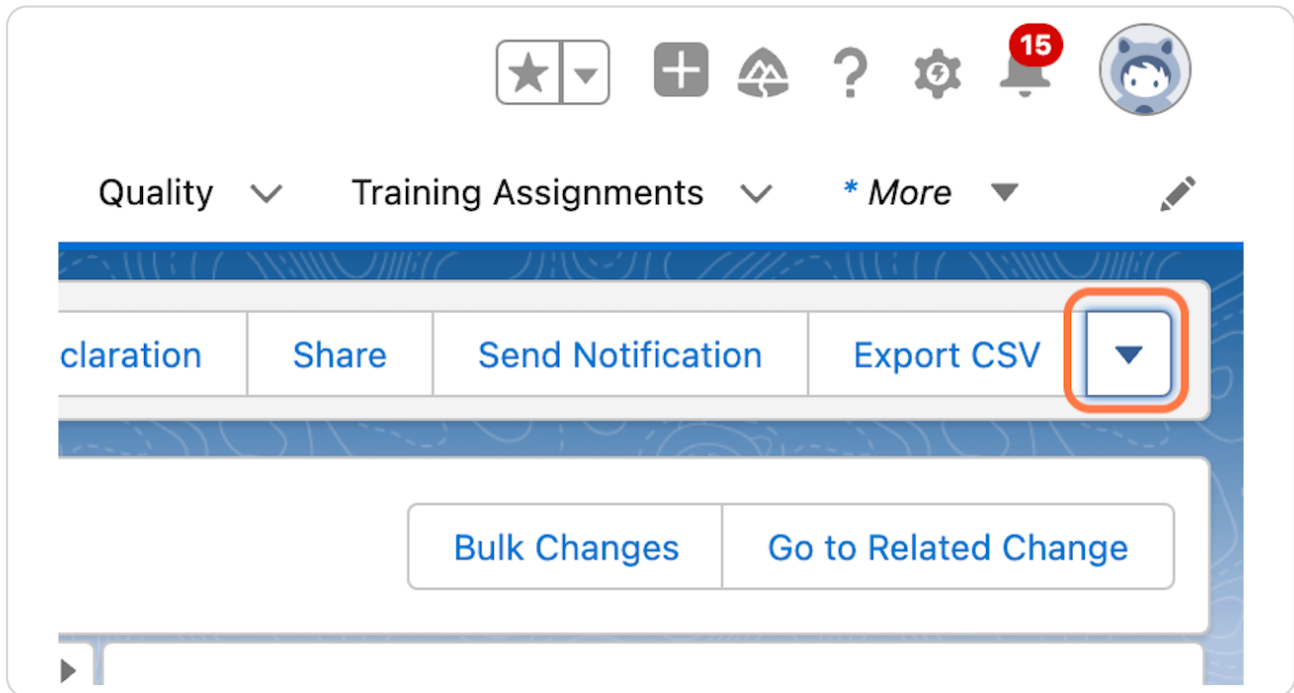

March 2, 2023

STEP 1

Go to Item details

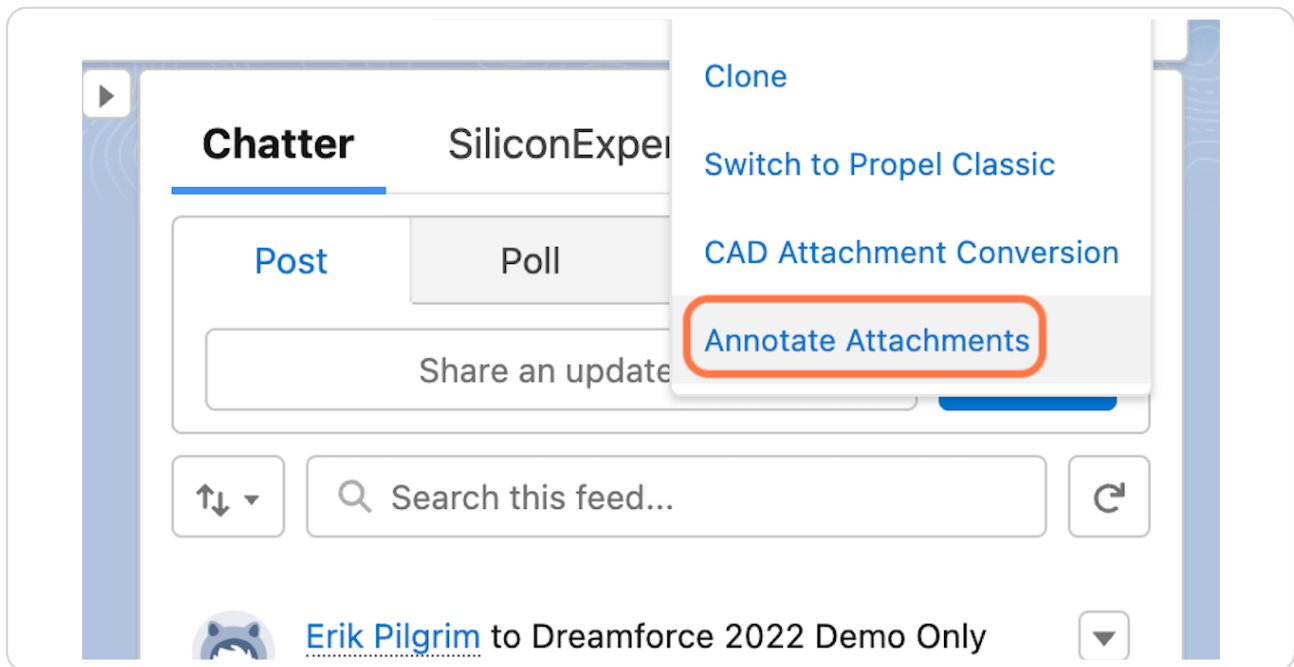

STEP 2

Click on Show more actions

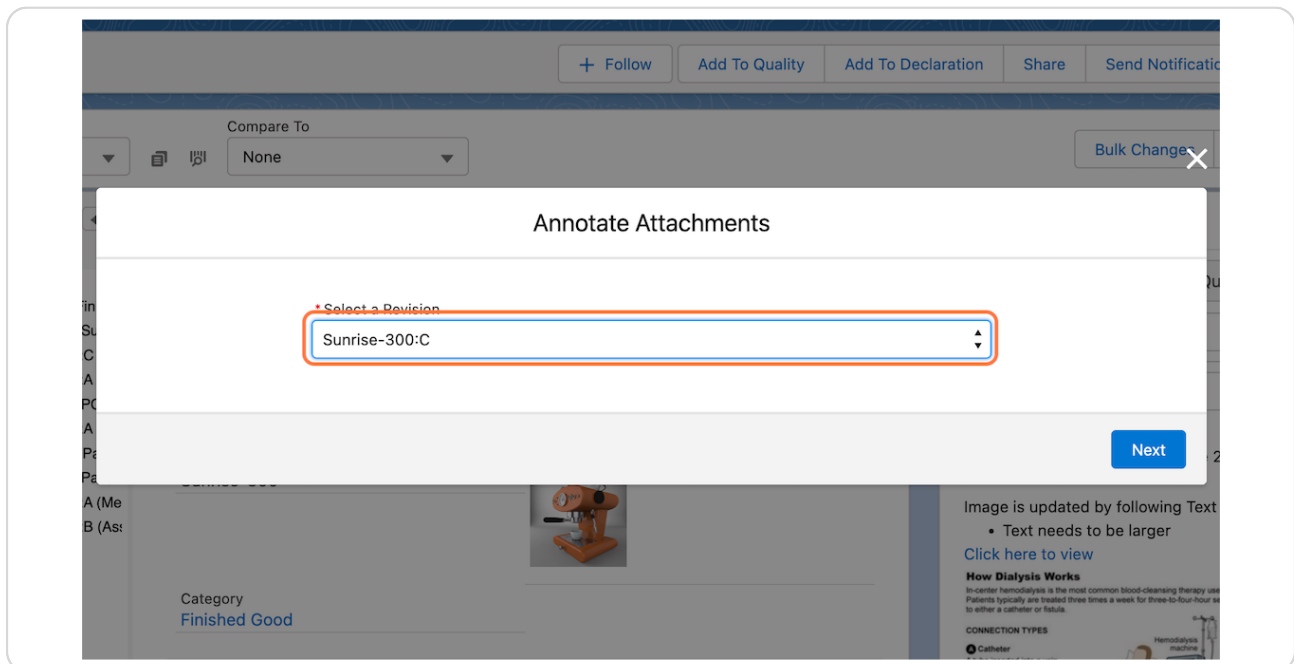

STEP 3

Click on Annotate Attachments

STEP 4

Select Item Revision

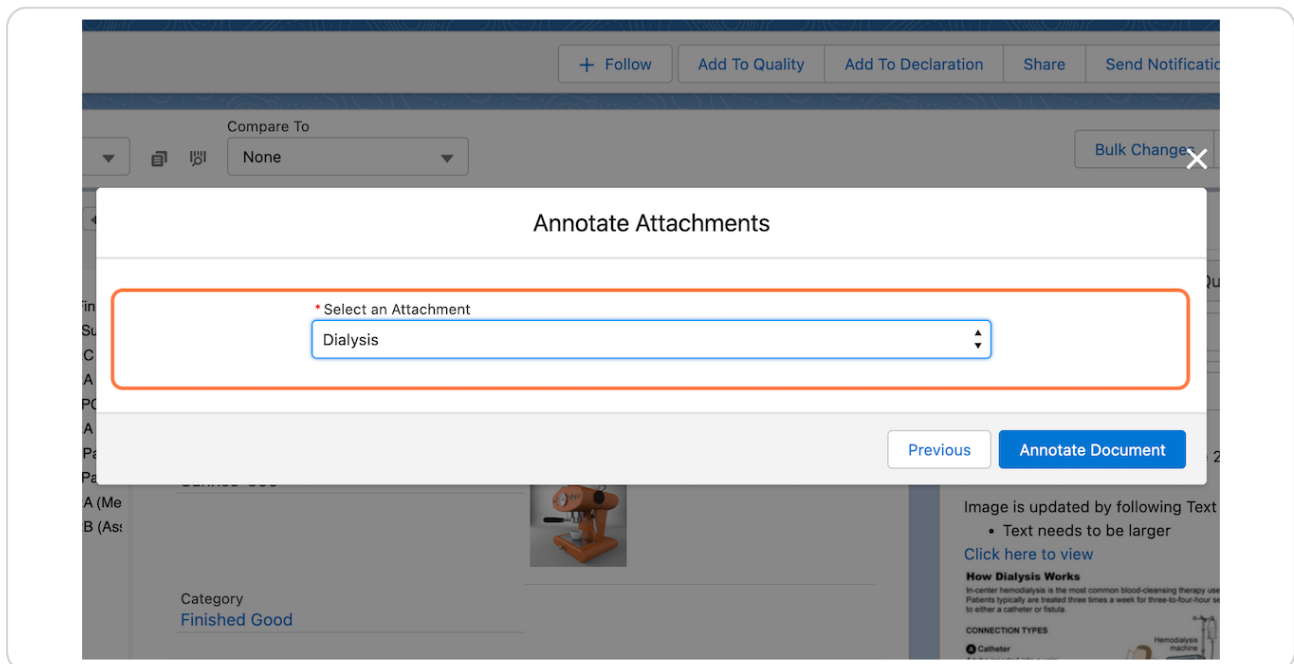

STEP 5

Click on Next

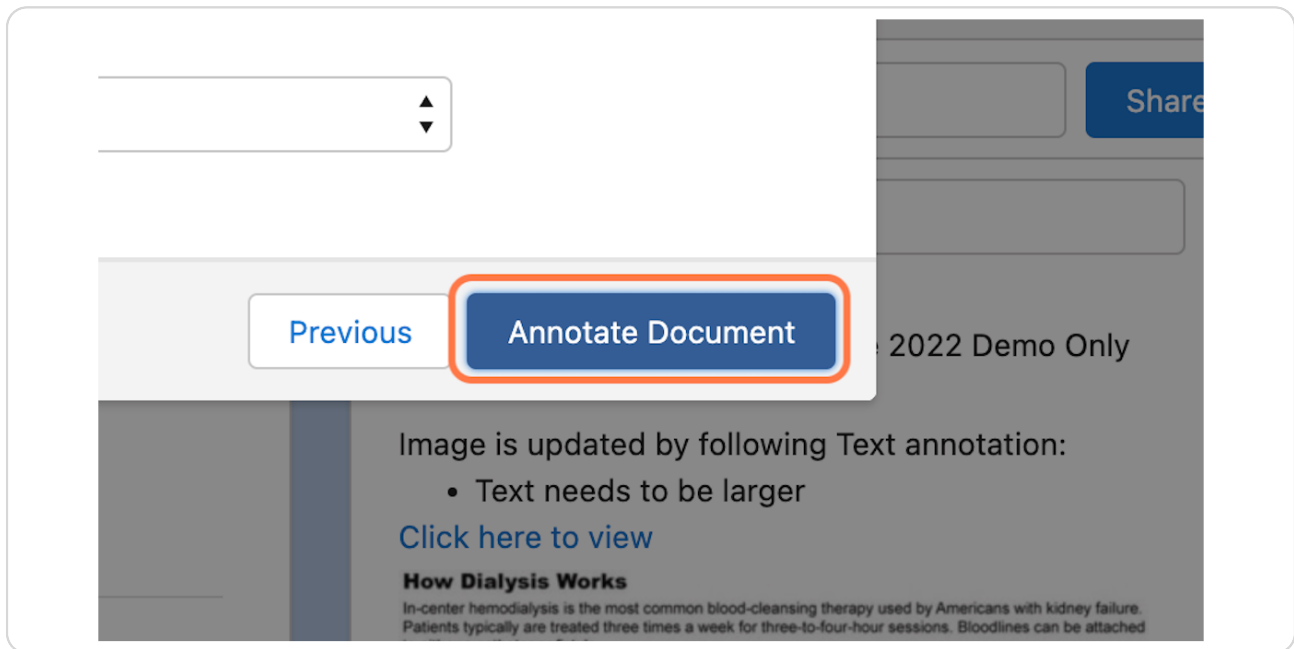

STEP 6

Select the Document Attachment you want to edit

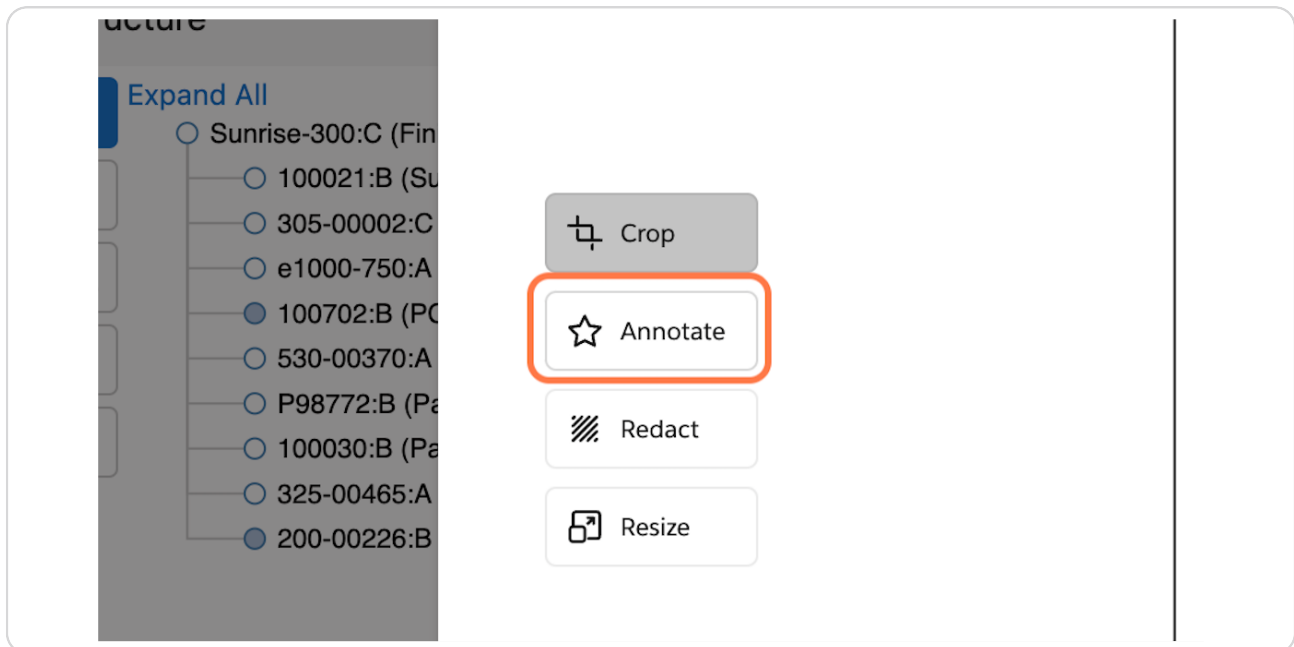

STEP 7

Click on Annotate Document

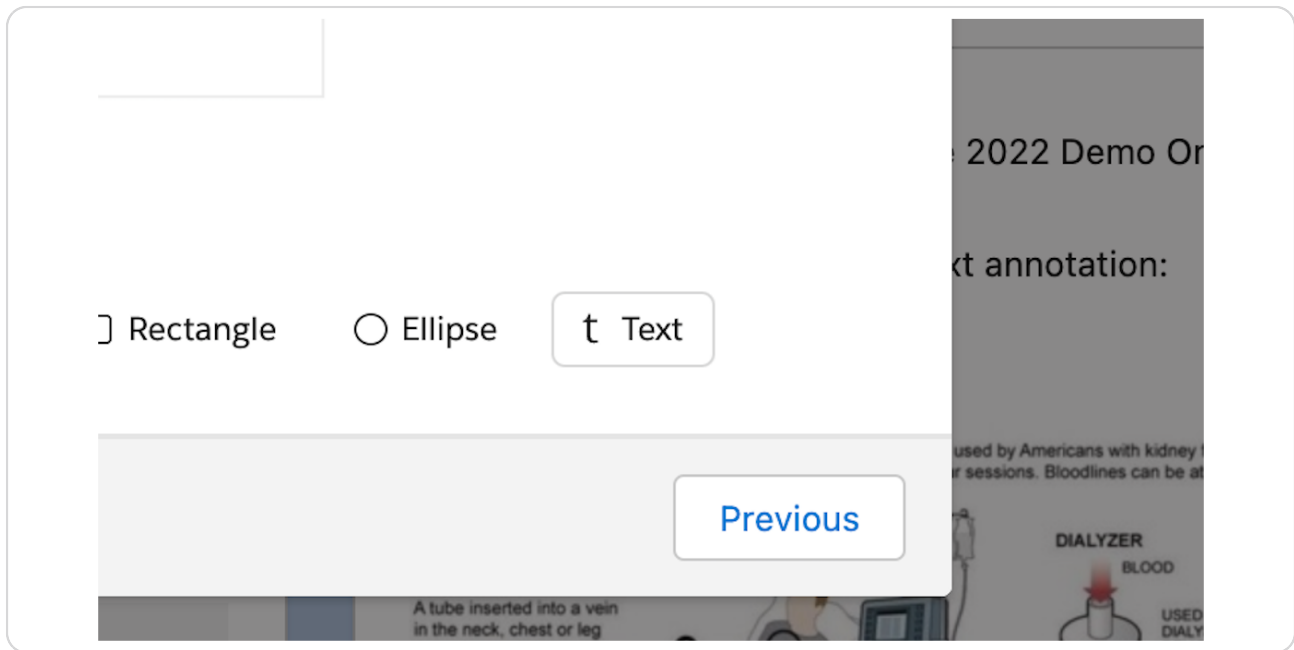

STEP 8

Now that the editor is open, Annotate the image by cropping, annotating, redacting, or resizing. Click on Annotate

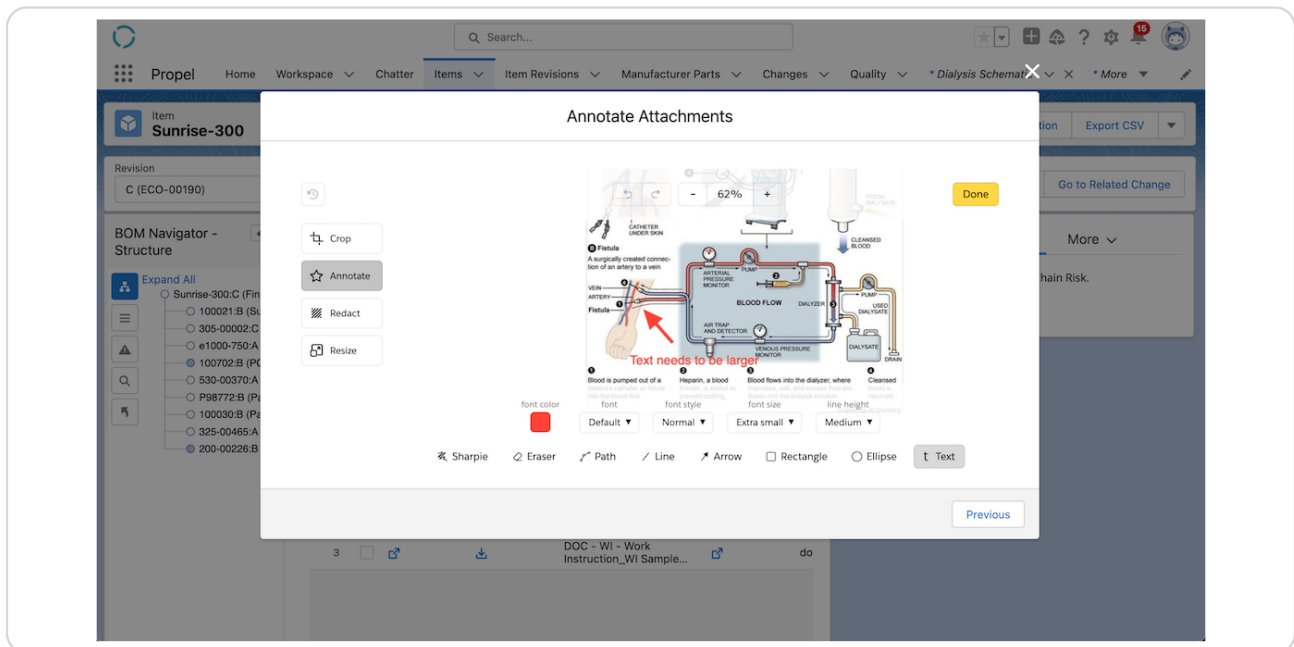

STEP 9

To add text, Click on Text. This will update the chatter feed text for the parent Item

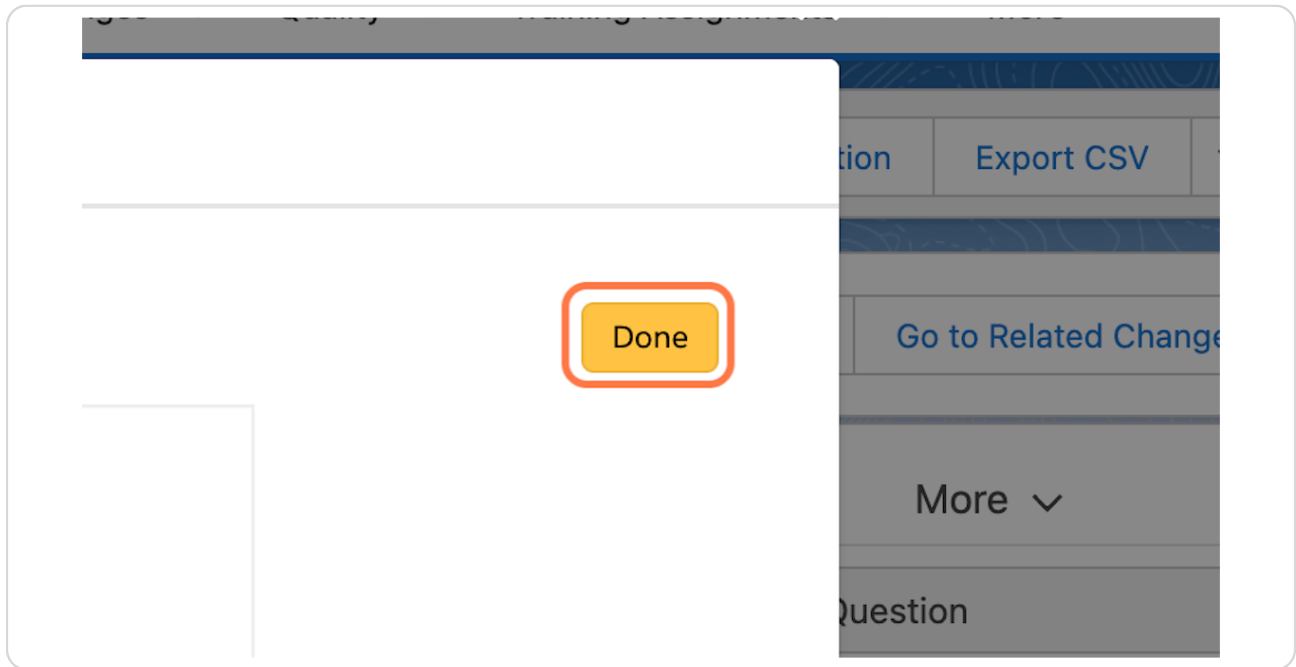

STEP 10

Add any additional annotations desired

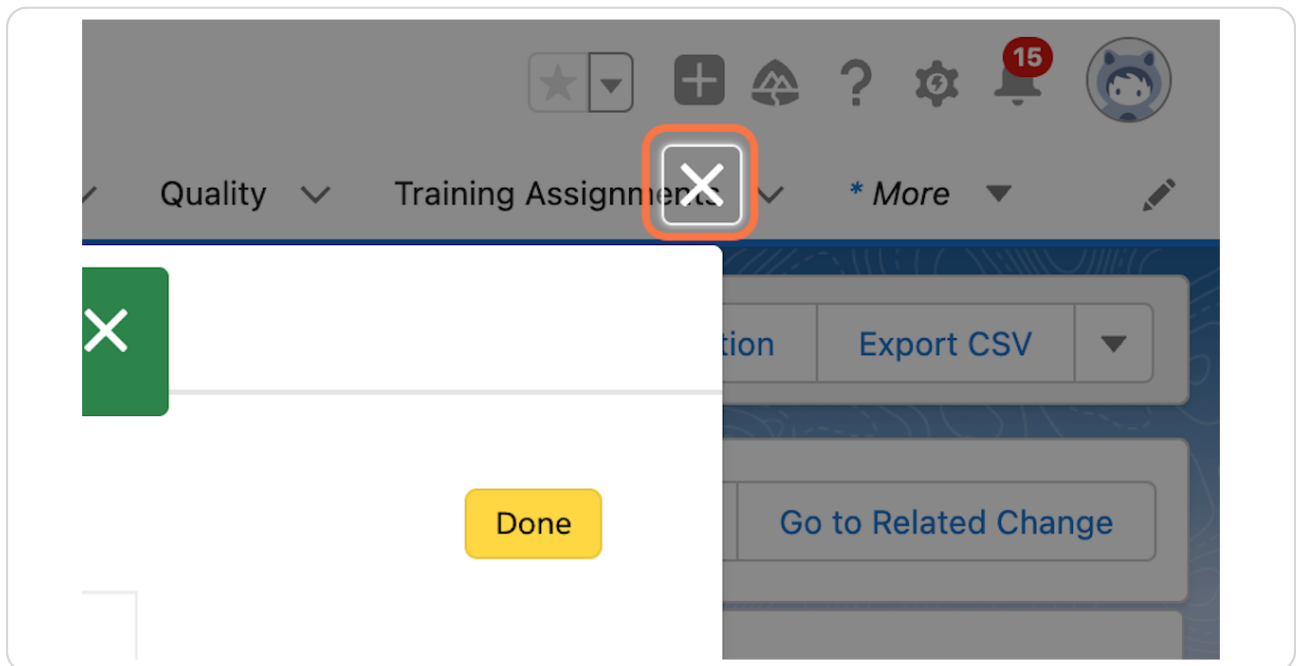

STEP 11

Click on Done to save the image

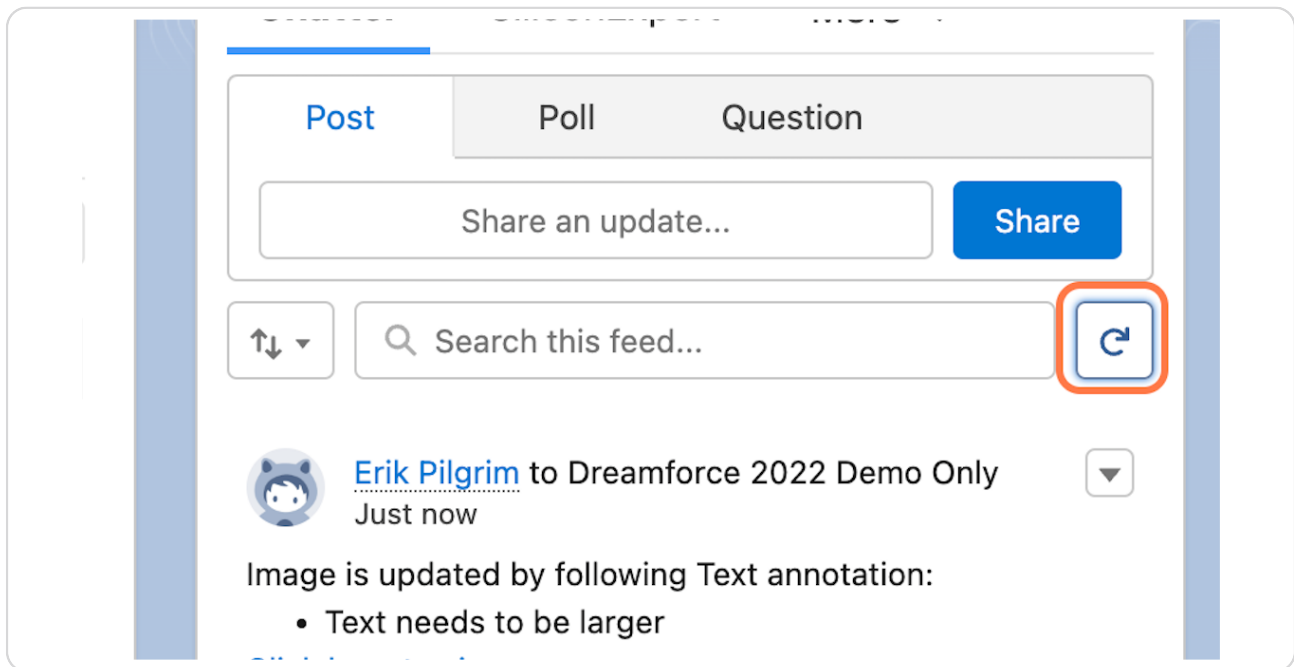

STEP 12

Close the Modal

STEP 13

Click on Refresh this feed to see the update

STEP 14

The annotation is now added to the Chatter feed
