

Walmart  
**GoLocal**

## Optimize your local delivery

Through our partnership, Walmart GoLocal's world-class delivery solutions are now easily accessible to Salesforce retail customers through a seamless integration.

### Flexible delivery solutions

With integrations for both Salesforce B2C Commerce and Salesforce Order Management, Walmart GoLocal enables retailers of all sizes a seamless, omnichannel shopping experience for their customers.

#### Drive omnichannel profitability

With Salesforce Commerce Cloud and Salesforce Order Management, retailers can manage their customers' omnichannel shopping experience across one platform while leveraging real-time data to give customers personalized experiences.

#### Same-day, white-label delivery

With Walmart GoLocal, retailers can offer customers same-day, white-label delivery from their stores allowing, retailers to own the end-to-end customer experience under their brand.

#### AI-Powered Efficiency

With cutting-edge AI technology powered by Salesforce, customers now have access to frictionless same-day delivery.
