

iManage for Mitrates CaseCloud™:

The Premier Contracts and Document Hub, Now in CaseCloud™

Two leaders in legal technology — Mitrates and iManage — have teamed up to deliver an exclusive, embedded iManage solution directly within the Mitrates Case Management (CaseCloud™) platform.

This first-of-its-kind, Salesforce-native integration redefines how legal teams manage cases, contracts, and documents, eliminating silos and bringing everything into one secure, seamless workspace.

What Makes This Partnership Different?

Unlike traditional integrations or connectors, iManage for Mitrates CaseCloud™ comes fully embedded. That means legal teams can interact with all iManage content natively inside CaseCloud™, unlocking a deeply unified, governance-grade experience designed for today's fast-paced legal environment.

Better Together:

Key Benefits of CaseCloud™ + iManage

Unified Case, Contract, & Document Management:

Access all legal content – contracts, memos, briefs, filings, and client matter files – within one platform.

Governance-Grade Security & Compliance:

Protect every document with comprehensive audit trails, version control, and superior governance.

Streamlined Workflows:

Automate approvals, track obligations, and manage compliance directly in CaseCloud™.

No More Platform Switching:

Work with iManage content natively in CaseCloud™. No toggling required.

Cost-Effective & Accessible:

Core CLM/DMS functionality at a lower price point, designed to be scalable for small to mid-sized teams.

Faster Implementation & Adoption:

A simplified, right-sized solution that delivers quicker time to value and easier onboarding.

Core Capabilities: Case & Contract Management, Elevated

Robust Document Control: Full-text search, version control, audit logging, and secure storage.

Contract Lifecycle Essentials: Centralized repository, templates, redlining, workflow automation, and obligations tracking.

Seamless Integration: Salesforce-native, Office 365 Online editing, mobile compatibility, and integrations with your favorite eSignature tools (like DocuSign, Adobe Sign).

Secure Collaboration: Internal and external sharing with granular permissions.

Scalable Storage: 15 GB per user with flexible expansion options.

Governance-grade document management has become a necessity. With iManage for Mitrates CaseCloud™, your team can minimize risk, streamline workflows, and move faster — without ever compromising security.
