

# THE DOCUMENT GENERATION SOLUTION FOR THE LONDON MARKET

Docomotion is an advanced document generation application that offers intuitive, easy-to-use tools for designing and generating complex documents tailored to the business needs of insurance organizations.

. From streamlining policy creation to automating regulatory compliance, Docomotion empowers insurers to focus on what matters most – serving their clients with speed and precision.

## Tailored for London Market Success:

A comprehensive solution to digitize the management and generation of essential business documents, including MRC, quotes, coverslips, and declarations

Incorporates standard London market wordings and clauses.

A proven solution to meet Lloyd's Blueprint Two strategy (MRC & CDR).

Tailor-made to address complex data models, sections, and dynamic nested tables.

Docomotion is a company that really understands the pain points of the insurance industry, offering a document generation solution that makes our job much easier. Complicated document requirements have become simple to achieve, thanks to Docomotion. In some areas we've managed to reduce the number of templates from 150 to only 20 "smart" templates, which has been a real game changer

# REDEFINING DOCUMENT GENERATION FOR INSURANCE

## Powerful Capabilities at Your Fingertips
