

Maximize Seller Performance with Mindtickle for Agentforce

Get **instant answers** from Mindtickle training, content, and conversation intelligence directly within **Salesforce Agentforce**, helping sellers navigate objections, sharpen **competitive messaging**, access call summaries, and discover relevant content in the flow of work.

Win Every Deal in the Flow of Work

The Mindtickle Agentforce integration connects **approved Mindtickle knowledge** with Agentforce to deliver **contextual answers, trusted guidance**, and conversational insights across seller workflows. Sellers can prepare faster, improve messaging consistency, and execute **customer conversations with confidence**.

Instant AI-Powered Answers

Get **contextual answers** grounded in Mindtickle training, sales content, and **call intelligence** within Agentforce, helping sellers respond to objections, customer questions, and deal conversations **without leaving Salesforce**.

Unified knowledge source

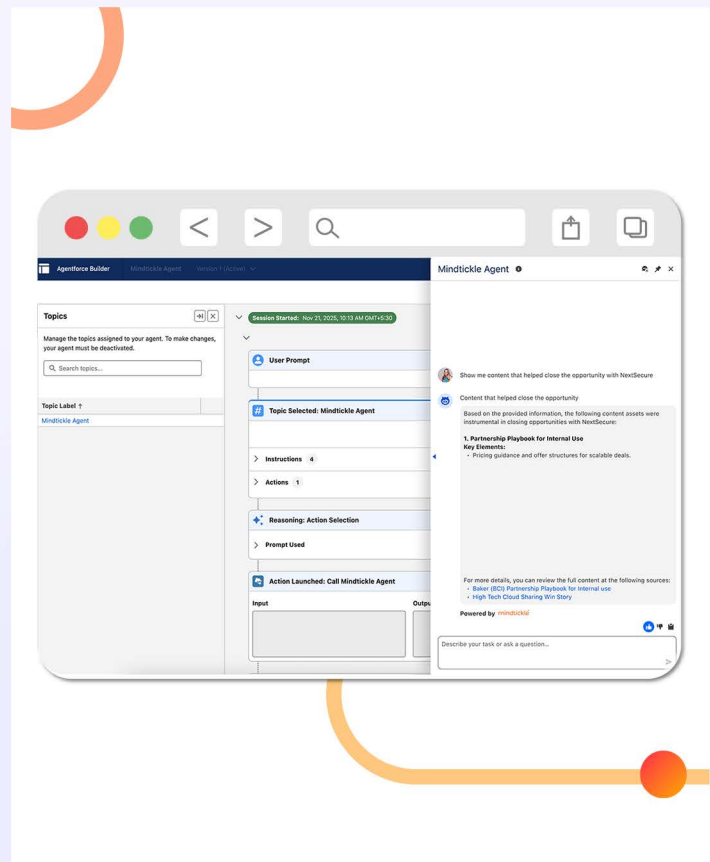

Give sellers a **single, governed source of truth** by grounding Agentforce responses in **approved knowledge from Mindtickle**, including training, playbooks, conversational intelligence, and sales content.

Mindtickle can also surface knowledge from connected platforms like Notion and Confluence, giving sellers access to **trusted information across systems**, all **within Salesforce**.

Embedded in the Salesforce workflow

Reduce context switching by bringing Mindtickle directly into Agentforce. Sellers get **guidance and insights** in the same workspace used for **Accounts, Opportunities, and Contacts**.

Secure, enterprise-ready integration

Communicate securely through Mindtickle's Salesforce app using **JWT-based authentication**, token management, and org-level access controls.

Why Sales Teams Choose Mindtickle for Agentforce

By unifying approved training, content, and conversation intelligence inside Salesforce, sellers get a **single conversational** entry point, eliminating fragmented workflows and **ensuring every answer** is cited and grounded in **real knowledge**.

Unified Conversational Experience

Sellers **stay in Salesforce** and get **answers instantly**, less time searching means **more time selling**.

Faster Preparation and Follow-Up

Objection handling, call summaries, and **competitive messaging** available in seconds, right in Agentforce.

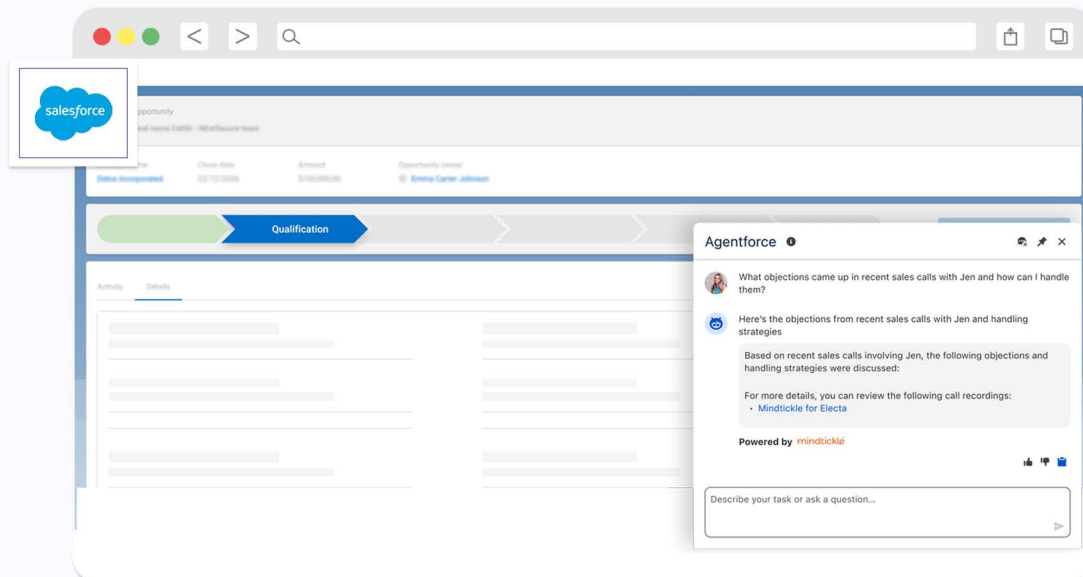

Shorter Ramp Time

New reps get the **right answer** from day one, just by **asking Agentforce**.
