

KNOW YOUR CUSTOMER

360° CUSTOMER TRANSPARENCY FROM SALES TO FULLFILMENT AND BEYOND

We bridge the gap between document silos in leading business applications like SAP®, opentext™, Salesforce® and Microsoft

- all documents in place and at your fingertips
- no need to switch business applications
- collaborate with colleagues from different departments, with partners and customers

LESS WORK IN THE OFFICE – MORE TIME FOR CUSTOMERS

We offer you automation solutions that make your daily work easier.

- find what you are looking for
- safe time with predefined templates, automated creation and filing of documents
- contract management and much more

”

The complon solution boosts productivity and is easy to use

BUSINESS SOLUTION WITH A COMPLETE SET OF CAPABILITIES

End-to-end Process

Standardized filing structure and metadata concept from Sales to Service.

Related information available like Supplier, Installed Base, Logistics.

Seamless Integration

Intuitive thanks to integration in leading business applications like Salesforce, SAP and Microsoft 365.

Document Automation

Template and clause-based document creation to increase quality and conformity. Automated document filing.

Powerful Workflows

Flexible review and approval workflows. Integration with i.e. DocuSign for electronic signature.

Dashboards and Reporting

All the key information you need on your personalized start page. Automated reminders provide timely information about important deadlines and dates.

Intelligent search

Finding documents made easy with full text search, search for clauses and metadata.

Viewing and Comparing Documents

Responsive in-place viewing. Easy comparison and highlighting of text differences in different documents or versions. Recognize and compare text with scanned / PDF documents and images.

Compliance and Information Security

Records management, legal holds and management of personal data (GDPR) to ensure compliance with data security requirements. Rich permission concept to ensure the need to know.

TRUSTED AND CERTIFIED

opentext™ | Partner
