

100% Payments 100% Salesforce

Chargent Partner Overview

Chargent empowers companies to transform their financial health, with complete control of payment processes, right where their customer data lives - in **Salesforce**.

Take payments anywhere on the Salesforce platform, with tools for recurring billing, online payment request links, and transaction and token management. Accelerate projects with pre-built integrations to 30+ payment gateways, as well as financial, accounting, and ERP systems.

Your clients will benefit from better reporting and visibility, easier revenue collection, powerful automation, and stronger data security.

CHARGENT SOLVES YOUR PAYMENT CHALLENGES

Declined payments slowing growth

PCI Compliance Concerns

Payment processing complexity

Lagging cash flow & growing DSO
