

You don't just want a WBL program, you want a good one.

What is ImBlaze?

- A simple and efficient tool for managing high quality work-based-learning
- A website and mobile app for students and educators
- Designed for school, district, or regional use

What does ImBlaze do?

- Provides a dynamic database for growing a network of employer partners
- Stores these work-based learning opportunities for students to explore
- Manages student suggestions, requests, and placements
- Captures real-time attendance and experience data with employer verification and feedback built in.

I'm interested! What's next?!

- Sign up for a formal demo (use QR code below)
- Consider packages that include additional supports, such as programmatic coaching, school success studies, and communities of practice.

ImBlaze comes from **Big Picture Learning** who have helped schools design, redesign, and improve their WBL programs for nearly 30 years
