Accelerate screening with the
LexisNexis® Watchlist Screening App
on the Salesforce® AppExchange,
powered by Fundingo®.

Stronger compliance and smarter customer and vendor relationship management start with a solid watchlist screening strategy. The LexisNexis® Watchlist Screening App automatically connects your business to LexisNexis® Bridger Insight® XG with LexisNexis® WorldCompliance™ Data directly from Salesforce.com®. Easily connect from the cloud to confidently complete initial sanctions, PEP, adverse media and watchlist screening and conduct ongoing monitoring across the relationship lifecycle.

Proactively identify risk with integrated watchlist screening

The Watchlist Screening App delivers integrated access to current and continuously updated watchlist and sanctions intelligence via Bridger Insight® XG with WorldCompliance™ Data to enable businesses to proactively understand and help reduce potential customer, vendor and third-party risks.

Streamline screening of customers, vendors and financial transactions

Allow sales representatives to perform an initial screen for faster onboarding

Fortify adherence to global regulatory requirements and sanctions mandates

Balance customer acquisition and management with compliance obligations

Integrate watchlist intelligence into Salesforce workflows

Minimize the operational impact of false positives and alerts

The Watchlist Screening App optimizes screening with extensive coverage of over 1,500 watchlists, industry-proven screening technology and advanced analytics. Conduct effective due diligence on customers, vendors and third-party suppliers and automate decisions with highly-relevant, global risk intelligence detailing high-risk individuals and entities, all delivered in a concise, curated format and continually updated to reflect the most recent risk realities.

Conquer compliance challenges with expansive global risk intelligence

The Watchlist Screening App delivers seamless access to the global risk intelligence your business needs to raise the effectiveness of critical customer and vendor management processes and compliance workflows. Easily configure screening to reflect specific risk tolerances in support of compliance with key rules and regulations, including:

- OFAC Sanctions
- Anti-money laundering regulations
- Fifth EU Anti-Money Laundering Directive
- USA PATRIOT Act
- Bank Secrecy Act (BSA)
- SWIFT, ACH and Fedwire protocols

LexisNexis Risk Solutions

#2

LexisNexis® Risk Solutions ranked #2 in Chartis Research's 2025 FCC50 and won four category awards for innovation and excellence.

Expedite screening across the lifecycle of customer and third-party relationships with a single source for robust watchlist and sanctions data and refined screening technology

Extensive end-to-end screening with ease and efficiency

The Watchlist Screening App delivers cost-effective access to Bridger Insight XG with WorldCompliance Data right from the cloud. Centralize watchlist screening activities within Salesforce.com workflows to speed decisions, achieve greater risk visibility across customer, vendor and third-party relationships and boost efficiencies at the enterprise level.

- Accelerate and automate watchlist screening and ongoing monitoring
- Avoid the delays and resource investment of a traditional software integration
- Easily scale and adjust to meet specific business needs or demands

Confidently conduct risk-based watchlist screening from the convenience of the cloud and keep critical relationships in efficient motion with the LexisNexis Watchlist Screening App.

Capture global opportunities with optimal risk insights

Bridger Insight XG is trusted by the majority of the top 25 U.S. banks and leaders across various industries and businesses from financial services, insurance, automotive, healthcare, hospitality and governments.

Bridger Insight XG leverages WorldCompliance Data to deliver real-time global insights from over 8 million risk profiles, helping you automate decisions, tailor screening to your risk appetite and detect hidden reputational risks before they impact your business.

LexisNexis® Watchlist Screening Integration, powered by Fundingo on Salesforce AppExchange

Accelerate screening with automated watchlist access.

Stronger compliance and smarter customer and vendor relationships start with a solid watchlist screening strategy. The LexisNexis Watchlist Screening App, powered by Fundingo and available on Salesforce AppExchange, connects your business to configurable, end-to-end watchlist screening tools so your business can confidently complete initial screening and conduct ongoing monitoring across the lifecycle of critical relationships. This integration enables faster and easier watchlist screening directly within Salesforce.

Transform watchlist screening efficiency directly from the cloud.
