

REDFERNS TECH
ADVANCING SOLUTIONS

We help businesses unlock the full potential of Salesforce, delivering CRM solutions, powerful automations, and custom integrations that make your business smooth. Our developers, consultants, and integration specialists design solutions that fit your exact business needs.

OUR SERVICES

Salesforce Services

Implementation

Set up Salesforce from scratch, configure modules, and customize objects to align with your workflow.

Custom Development

Custom features using Apex, LWC, and Visualforce to extend Salesforce capabilities.

Integration

Connect Salesforce with ERP systems, payment platforms, marketing tools, SMS, email, and custom APIs.

Automation

Automate processes using Flows, Process Builder, Apex Triggers, and Approval Processes.

Data Migration

Safely migrate data from legacy systems, spreadsheets, and other CRMs with full accuracy.

Reports & Dashboards

Powerful dashboards for sales performance, pipeline tracking, and business growth metrics.

APPEXCHANGE

Our Salesforce AppExchange Products

We've built powerful AppExchange solutions that enhance CRM functionality and boost productivity.

Thumbnail Viewer

View image thumbnails of documents directly within Salesforce records for better document management.
