Lilly Gallafent

Director & Board Member

We have found the Releco team very responsive and helpful and the tool has made the management of these items much easier for both the business leadership and our people. A great tool to simplify business administration.

Lewis Onwo

IT Administrator

The HR1 app is truly a complete HR solution for your business. Highly recommended.. Their support service is exceptional.

Jenny Finch

HR Business Partner

We worked with Relecotech to develop the system to work for our particular business needs. The Relecotech team provide great support when you need it and are always on hand to answer any queries that we may have. We would highly recommend Releco HR1 for an HR tool and look forward to continuing our working relationship with them.

Elizabeth Clinton

Development Manager

The interface and software is very user friendly and can support with everything from service requests, appraisals, payslips, etc. Definitely recommend.
