

Customization & Enhancement Guide

Table of Contents

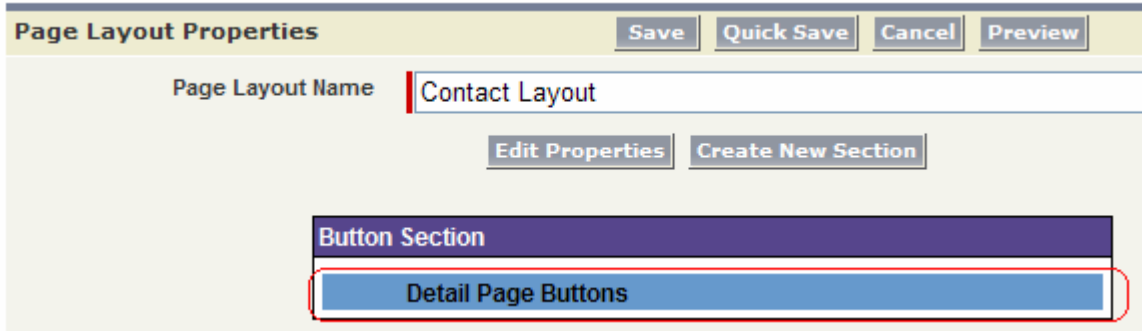

Using This Document

- This document provides information about installing the CloudPDF – INTERACTIVE application, subscribing to the free 30 day trial, and making customizations to your salesforce.com organization to use the Sample Templates for creating CloudPDF documents. (2 minutes to set up)

Suggested Customizations & Enhancements Page

- | | |
|---|---|
| 1. Installing the CloudPDF – INTERACTIVE package and 30 day FREE Trial..... | 2 |
| 2. Adding Custom Button on Contacts Page | 3 |
| 2. Adding Custom Button on Contacts Page (continued) | 4 |

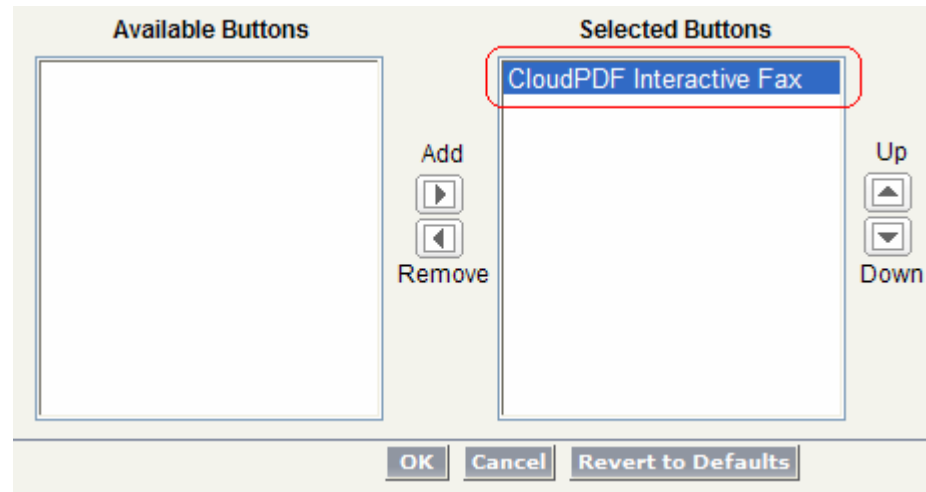

2. Adding Custom Button on Contacts Page

What:	Add custom links to page layouts to use Sample Templates
Why:	Sample Templates are provided to demonstrate CloudPDF usage and functionality. There are several PDF Template Forms for using dynamic salesforce.com content and turning them into PDF documents.
How:	1. Add the "CloudPDF Interactive Fax " Detail page button to the Contacts page layout. Modify the Contacts Page Layout by going to: Setup > Customize > Contacts > Page Layouts 2. Click on the Edit button to modify the Contact page layout: 3. Double click on the Detail Page Button section (red circled) 

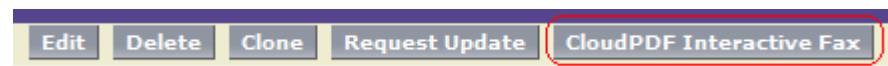

2. Adding Custom Button on Contacts Page (continued)

How:

- Then select (click once to highlight) “CloudPDF Interactive Fax” from the Available Buttons (left side) and click the Add arrow (top) button to move to the Selected Buttons (right side).

- Click OK to save.
- Click SAVE on the Contact Page Layout screen.
- Open a Contact record to see your button.

You are now ready to use the Sample Templates for creating CloudPDF - Interactive documents.
