Italian

Get Started

Contact your Account Executive or email sales@linkpoint360.com to receive a price quote and get started today.

LinkPoint Connect

Link the work you do in email to the records you store in your CRM. LinkPoint Connect simplifies your workday and engages you with your CRM without changing how you work in your email application.

Eliminate Copy/Paste

- Record emails to your CRM with just a few clicks

Keep CRM Data Current

- Create new contacts instantly from an email signature

Sync Email and CRM

- Automate your data sync based on your needs and schedule

Avoid Duplicate Data Entry

- Schedule items on your email calendar and sync them to your CRM automatically

Attach Accurate Collateral

- Include content as email attachments directly from your CRM document library.

Email to CRM integration – simple and seamless
