

Amplified marketing, securely inside Salesforce

Marketing Automation. Event Management. 100% Native.

Dashcord is an ISV partner providing native marketing and events solutions to Salesforce customers around the globe. Designed to accelerate the revenue generation power of your Salesforce environment in a native fashion, Dashcord is completely free from integration. Adding Dashcord to Salesforce allows you to effectively manage and monitor all the touchpoints of the customer lifecycle, from marketing to sales and post-sales support.

All of the following added to Salesforce. No Integration. Free Installation.

- Lifecycle management
- Advanced email personalization
- Campaign automation
- Tracking and scoring across web, email, and print
- Event calendaring
- Registration and check-in management, including paid events
- Personalized branding of events flow
- Support for multiple ticket types
- Rapid financial reconciliation
- Custom object support
