

Kadence Collective, a San Antonio based Salesforce Partner company, focuses on building Salesforce solutions for small to medium sized businesses. We are a full service Salesforce consultancy who takes pride in the work we do. Our mission is to empower businesses to utilize the benefits of custom software applications in order to create efficiencies, reduce risk, and increase revenue by developing cost-effective, easy-to-use, quality applications built on the Salesforce platform.

About our Managed Services

Whether you've been on your Salesforce or Pardot journey for a long time or just recently deployed them, our **Managed Services** provide a cost-effective way to obtain on-going Salesforce administrative and development support.

Features

Our Managed Services packages include:

- Administrative and development services at a reduced rate
- Access to our Consultants, Developers, and Architects for one flat cost
- Regularly scheduled meetings – you decide the frequency
- An easier way to predict and manage your IT spend
- Hours that roll over
- Dedicated point of contact
- Automatic payment processing
- Discounted hourly rate for any additional hours needed

Use Cases

By purchasing one of our Managed Services packages, you'll obtain access to years of experience across multiple disciplines and verticals from our consultants.

Have the knowledge and experience of an entire team of Salesforce experts available to you to help you get the most out of your Salesforce investment.

Administration

The cost for a full time Salesforce Administrator may not be warranted yet if you're just starting out on your Salesforce journey. Let us handle the administration of your Salesforce instance and only pay for the amount of support you need.

Training

As new employees are on-boarded, we can assist with training to get them up-to-speed with your Salesforce instance.

Reports and Dashboards

Make sure you have the insights you need to run your business. As new reports and dashboards are needed, we can create them for you.

App Installations

As a Salesforce customer you have access to an entire ecosystem of business applications. We can assist with the installation, configuration, and training of these apps.
