

# BUILD A PORTFOLIO OF LIFELONG CUSTOMERS

Financial services is built on personal relationships. To develop lifelong client relationships, you need more than one-way, impersonal communication. You need insight into your customers' lives and understanding of their buying patterns. When you can predict their behavior and anticipate their needs, you can speak to them with the right message in the moments that matter.

Truvant can help. We provide innovative solutions for customer acquisition, retention and cross selling.

## WHY IT MATTERS

- Track sales and marketing outcomes and attribute results to specific campaigns
- Reduce waste in advertising and the cost of acquiring new customers
- Gain greater share of wallet from your existing customer base
- Improve brand loyalty and customer lifetime value

## HOW TRUVANT WORKS

- Mine, segment and create predictive profiles from your customer data
- Design strategy to drive sophisticated customer engagement
- Implement and integrate IT systems to connect you and your customer 24x7x365
- Develop processes and train your team to maximize IT system use and accurately measure outcomes
