

SafeToSend: Client Testimonials

“I’ve used other list-cleaning services and just wasn’t satisfied that they were getting rid of everything that could keep us out of the inbox. I’m **really pleased with the service.** I’ve got extra confidence that we’re pulling out bad addresses every time we run a file.”

“We’re definitely satisfied Fresh Address customers and are convinced that **you’ve helped us avoid getting blacklisted.** Since we’re using **SafeToSend** monthly for new emails and List Guard to preserve those that have already been tested, we’re in much stronger position to reach our customers and prospects.”
