

Corporate Training & Extended Enterprise Learning, Made Easy

salesforce

Learning. Intelligently crafted.

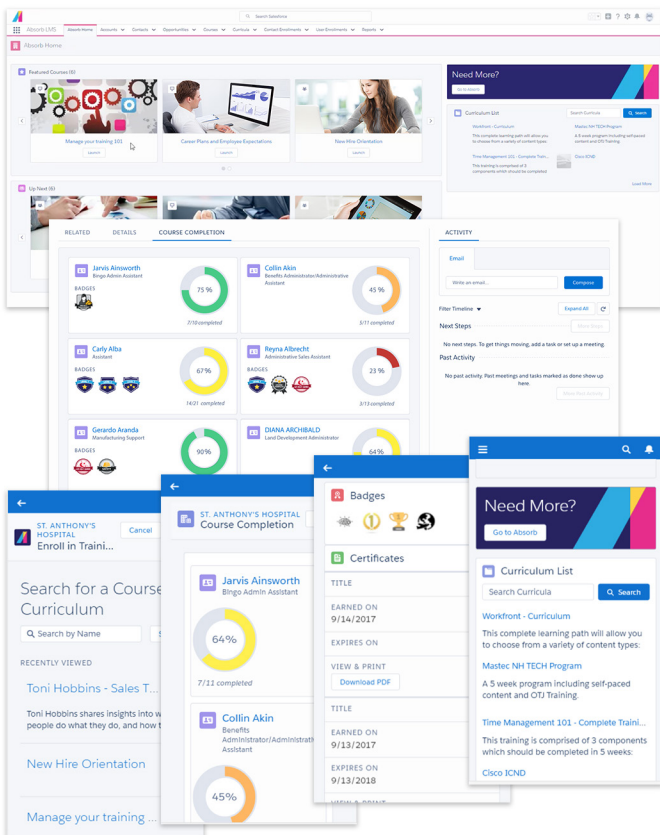

Absorb LMS App for Salesforce

Industry leaders choose Absorb LMS to power their internal and external training programs. Teamed with the Absorb LMS App for Salesforce, you can power up your Salesforce instance with your training data and many LMS administration capabilities.

No more iFrames. Your Absorb LMS training data is made native to Salesforce. Utilize Salesforce Report and Dashboard tools to review your training data. Relate training data to other Salesforce stored data like sales revenue or service tickets submitted.

Utilize Salesforce Workflow and Process Builder tools to ensure your Contacts get the training they need, just-in-time. Combine Absorb LMS Smart Administration features with Salesforce triggers and scale your training initiatives like never before.

The Absorb LMS App's home screen gives you the ability to showcase Featured Courses to your Salesforce Users. Need your sales team to learn about a new product? Is there a new course your team could upsell to existing clients? Featured Courses can help.

absorb

Absorb Learning Management System

Absorb LMS is a smart, intuitive and easy to use platform that is intelligently crafted for both the user and administrative experience. We also offer client support 24 hours a day, 7 days a week.

Absorb LMS works with all sizes of businesses within in any industry. Our LMS is globally accessible and can be utilized while training various stakeholders; whether it be customers, channel partners, or your own internal employees.

Absorb LMS can be themed to fit with your brand. You can create completely customizable content within the LMS which can then be implemented company wide, or target a specific audience depending on your unique needs and preferences.

“

A great LMS choice for businesses of all sizes. Ideal for separating internal and external facing courses. Absorb is a new generation of LMS, light and agile, with all the features you actually use.

— Eric Matas, Education Specialist, AMS
