Salesforce Services

How We Do It

- 1. Plan + Prepare:** A journey to success starts with Vision and Goals. Define what Pain Points restrict paths & alleviate them.
- 2. Setup + Customization:** Set 3-5 measurable & achievable Objectives and customize UI with Salesforce to overcome barriers & obstacles.
- 3. Deployment:** A Project Roadmap defines Organization set-up, UI and User specific Training & Support.
- 4. Driver Adoption:** Reports & Dashboards serve as a compass to User Adoptions & ROI, encouraging a smooth track to successfully achieving Goals.
- 5. Continuous Improvement:** Remain Agile on your journey. As unforeseen obstacles present, SCI 360 works to bridge gaps & overcome barriers. Ensure lasting results by working with SCI 360 Certified Professionals on a Full-Time basis or 'On-Demand'.
