ABOUT US

Secured Signing is a leading cloud digital signature platform. Using advanced personalised X509 PKI Digital Signature technology it is more secure than a plain electronic signature. Secured Signing enables its users to use any device to capture their graphical signature, fill-in, sign, seal and verify documents anywhere, anytime. The solution streamlines business processes, cuts back on expenses, expedites delivery cycles, improves staff efficiency and enhances customer service in a green environment.

TRUSTED BY

"Paper was the bane of our lives, and we had been looking for a reliable and secure way to sign electronic documents for some time. Secured Signing's solution ticked all the boxes".

**Bill Cashman, HR manager,
H&R Block.**

"When we partnered with Secured Signing, we saw an opportunity to enhance our relationship with our candidates by providing them with greater flexibility as well as providing our consultant with an error-proof process to remove non-value-added time from their daily activities".

**Paul Bridgewater, General
Manager, Manpower**
