

Cloud Lending Solutions Lease Xcelerate Program

Xcelerate your leasing practice with no stress or risk

The Cloud Lending Solutions Lease Xcelerate Program is a revolutionary implementation offering providing a fixed scope for lease servicing through a preconfigured, new salesforce org implementation of the CL Lease solution for a fixed price. The objective of our program is to allow leasing organizations to go live, on a **complete lease servicing solution**, without any data migrations, integrations or interfaces in 8 weeks. That is our commitment to you.

What can the Xcelerate Program do for you?

- Improve leasing service flows with automation
- Increased productivity and speed to market
- Decreased customizations and design time

Implementation Methodology

In Scope Predefined Lease Servicing Flows included:

- Customer & Vendor Management
- Contract Management
- Disbursement
- Billing and Receipt
- Asset Management
- Finance Management
- Reporting

Get there fast

Additional data integrations are available, however the products need be licensed and implemented by the lessor. Examples of available integrations for CL Lease are: Avalara for sales tax calculation, Quickbooks Online for accounting, FinancialForce for accounting, Conga for document generation. Others available.

ADDITIONAL INFORMATION

GOAL

Fixed Price for Go Live in 8 Weeks
