**VICE PRESIDENT OF SALES AT EFREIGHTSHIP**

“I would highly recommend using CRMIT for any of your IT projects! We had the privilege to work with CRMIT! What an amazing experience that it was! We were migrating our CRM from Oracle to Salesforce & they delivered a product beyond our expectations. Their staff is extremely professional and competent. Our CRMIT implementation team worked with us patiently on a daily basis making sure all of our needs and wants were met. We are extremely happy with the finished product and love that CRMIT continues to work with us to make sure any loose ends are tied up.”
