

Paola Bielli

EDUCATIONAL RESEARCHER POSITION AT BOCCONI UNIVERSITY

“Knowledgeable team. I approached CRMIT to explore integration potentials of their platform. I was more than positively impressed by the solution, but even more by the team. Ready to help, highly knowledgeable in the field, great empathy and ability to listen and communicate with any counterpart. Their field experience is real and it enables them not to underestimate the complexity of a migration project. Appreciated the tips and suggestions on how to revise our processes to better exploit the potentials of the platform. Looking forward to starting the project.”
