

Stirista Prospector

Access complete contact and account profiles
without ever leaving Salesforce

About Stirista

Stirista is a San Antonio-based marketing solutions company that takes a data-first approach to solving clients' toughest marketing challenges and enabling sales teams to smash quotas. Our unique combination of custom data sets, first-rate campaign execution capabilities, and proven IT infrastructure have garnered numerous industry awards, coverage from top-tier publications, and, most importantly, campaign ROIs in the triple digits.

Boost your sales numbers

Stirista Prospector makes it easy for you to access our industry-leading prospecting data directly in Salesforce. With just a few clicks, your team can search for new accounts and contacts or enhance your existing accounts and contacts with information directly from our 27MM-record professional database. And your team can do it all without switching apps or platforms, giving them more time to generate revenue.

Complete contact profiles

Stirista Prospector offers over 70 contact-level fields, making it easy to find ideal prospects or enhance existing contacts with more information.

Contact Information

- Name
- Job Title
- Department

- Year Founded
- Industry
- Public or Private
- Funding Amount
- Funding Date
- CEO
- Fortune 500 Rank
- SIC

Custom data views

27MM records can be a lot to sift through, especially if you focus on specific verticals, company sizes, or regions. We offer customized data views, giving your team access to the exact information they actually need. If you only sell to tech companies, for example, we can narrow your data view to contacts and accounts that match your target accounts.
