Case Study 1

Identified unique “Culturally Aligned” profiles from Top Performers per organization. Customer being second largest financial institute in India

Prescreening |
Employee Engagement Tool

PROBLEM

The company executives were looking for a service that can identify the “Cultural Alignment” and “Incentives” of Top Performers so that it can be used as a pre-screening tool for “Candidates” and “Future Leaders.”

SOLUTION

We profiled best performers, created unique “Ideal Models” and mapped it across their employees and talent acquisition process.

RESULTS

With **91% accuracy** we were able to recommend ideal models that can identify “Unfit” talent per open job or an opportunity.

Validation Results

Effectivity in weeding out
“Unfit” Talent per Opportunity

Case Study 2

Able to identify the talent profile that can be retained for a longer time. Work was performed through our partner ATS systems with the largest Quick Service Restaurant service from Canada.

Prescreening Tool

PROBLEM

The company executives were looking for a service that can slow down or pause their Double Digit Attrition.

SOLUTION

We created ideal job model using job title, job description and employee profile to get culturally aligned talent per job and team.

RESULTS

23% attrition reduction in 9 months using Dotin recommendation engine.

WITH INTRIDEO STAFFING SYSTEM

Case Study 3

Able to identify the top sales and credit associates (frontline sales). Work was performed for the largest financial institute in India.

Prescreening Tool

PROBLEM

The company executives were looking for a service that can identify top sales and credit associates (frontline sales)

SOLUTION

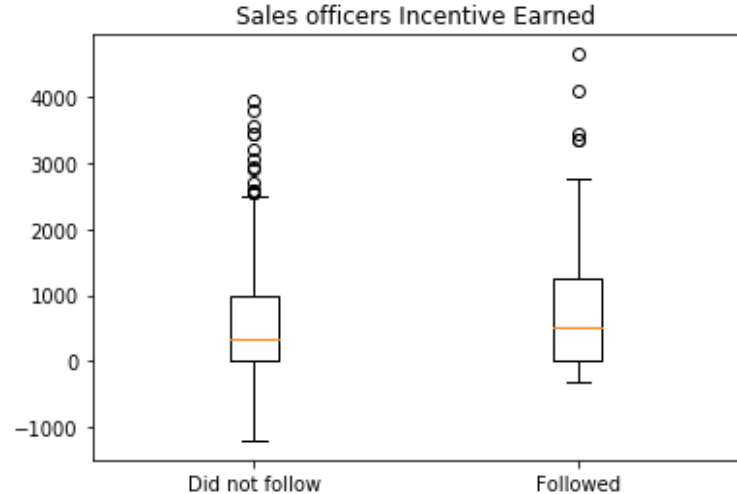

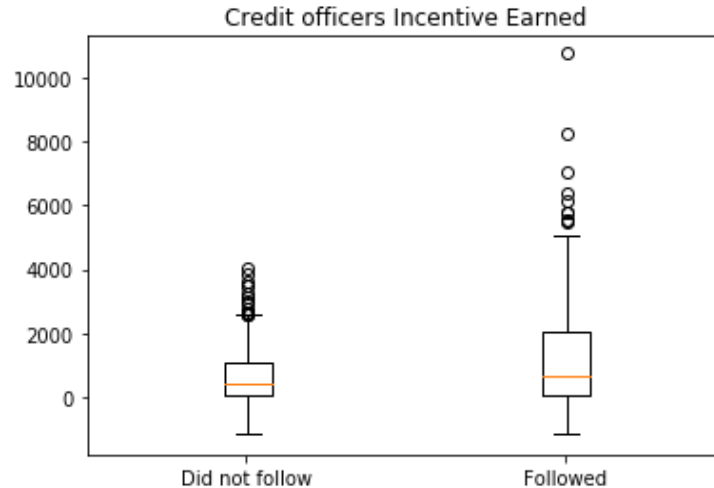

We created ideal job model for sales and credit officers using job title, job description to identify the top sales and credit associates.

RESULTS

Sales and Credit officers through Dotin recommendation system performed **2.5x times better** (achieving their quotas) than officers who did not follow Dotin recommendation system.

Results

One of the Largest
Financial Institutions

Sales Officers and Credit Officers, who **followed** Dotin recommendation, earned significantly higher values (2.5x) of **Incentive Earnings**
