

AC Co-Branding

Enable your partner to reach a wider audience through co-branding!

AC Co-Branding empowers your partners to **brand** and **collaborate** on the **promotional items** for your products and services by creating **complementary marketing** and **sales resources**. The app **enables** your partners to create **their own marketing assets** with their name, logo, contact details and other elements - all while **keeping aligned** with **your marketing** and **branding guidelines**.

**Empower Partners
with marketing assets**

**Protect your Brand
Identity**

**Support Multiple
document formats**

**Multiple Folders for
better Assets Order**

Key features:

- Easily create co-branded content;
- Supports .docx, .pptx or .pdf formats;
- Allows your partners to create their own co-branded assets, on demand and within minutes — while protecting your brand and logo usage;
- Separate folders enable your partners to search and quickly identify relevant documents.
