

Healthcare

Salesforce Industry Solutions

The Crevalle Group is a trusted Salesforce partner and full-service consulting and staffing agency. We offer a flexible platform of workforce solutions customized to the unique needs of Salesforce customers in all major segments of healthcare, including:

- Providers
- Payers
- Medical Devices & Diagnostics
- Pharma
- Health Plans

Our team is organized around three primary service lines to meet your varied Salesforce hiring needs.

Consultant Staffing

Staff for short-term or project-based needs with experienced Salesforce consultants identified by our recruiting team. We carefully vet your consultants for technical and cultural fit, matching candidates to your unique requirements. From project management to implementation and support, our consultants add valuable expertise to your resource plan.

Managed Services

When flexibility and affordability are important, our Managed Services may be the right fit. Our on-demand resources provide support for your Salesforce org on a task-based or annual contract basis. Benefits include cost savings compared to traditional consulting, and the ability to flex resources up or down as needed.

Permanent Hiring

Build your internal Salesforce team with help from our experienced recruiters. Our knowledge of the Salesforce market and our deep database of job seekers typically generates multiple qualified candidates for you to interview and choose from. Turn to us for your most challenging, hard-to-fill roles.

The Crevalle Difference

We're Salesforce experts. It's all we do. Our five-star rating (Salesforce AppExchange) reflects our commitment to outstanding client service and our track record of success.
