

MuleSoft Practice

Persistent is a Salesforce Platinum Consulting Partner and a member of their Cloud Alliance Partnership. Our 360° relationship with Salesforce has helped us gain experience in developing products for Salesforce, with Salesforce, and for Salesforce customers.

Our global partnership with MuleSoft enables customers to make the most of Persistent and MuleSoft capabilities combined for engagements in North America, EMEA, APAC (including Australia). With an extensive data DNA and history by the evolution of data environments, Persistent brings together two significant elements for customer success — an extensive domain knowledge across the data spectrum and a partner ecosystem with premier API/DATA platforms for any industry.

Our knowledge and expertise across various data tools and accelerators in the marketplace helps us understand complex data environments and recommend tailored approaches inspired by best practices to resolve your business challenges and data needs.

Persistent Re-Uses API Templates to quickly create implementation and objective value during customer engagements. Some of the templates we use:

- Salesforce to SAP
- FHIR RAML Get and Write to Health Cloud
- Salesforce to NetSuite
- Salesforce to Workday Financials
- Salesforce and Workday Worker Aggregation
- Customer Channel EDI Integration
- EMR — Bi-Directional Connectivity

Persistent Integration Focus Areas
