

Report Sender Plus vs Salesforce Report Subscription

		Salesforce Report Subscriptions	Report Sender Plus
Schedule options		recurring daily, weekly, monthly	recurring daily, weekly, monthly
Send a one-time email anytime			
Report format		HTML	CSV, Excel
Who can receive a report		users who have access to the report folder in Salesforce	any email address
Limits		200 schedules/ per organization, 5 schedules/per user	unlimited*
Email customization		not possible to include a note	fully customized email body, rich text up to 32k characters
Skip sending if the report has 0 data			

*Report Sender is only limited by Salesforce limits: mostly data storage in your org (2KB per report schedule) and the number of emails you can send per day. For the average customer, this still means they could schedule thousands of reports to be sent every day.
