The statement above is an official verification generated from The Work Number. Because this verification is system-generated with data that originated directly from the employer's payroll system, it is tamper-resistant and represents a higher level of authenticity than employee-furnished copies of paystubs or W2s. If any information is missing, it is because the employer did not provide this information for inclusion in The Work Number verification. Note: If this person left this employer and was rehired later, the "Total Time with Employer" amount will likely be understated and will only reflect the most recent consecutive months of service. This verification is for the Dealer's use solely for fulfilling an employment/income loan stipulations required by a lender. It may not be used for any other purpose or re-used by any other person or entity. Questions? Call 1-800-996-7566 (Hearing impaired clients may call 1-800-424-0253 / TTY).
