

Salesforce Services for...

Installation, Configuration & Support

You have Salesforce.com, you have bought Conga. Now what?

conga®

"A reputation based on project success and ongoing quality of service is hard to achieve, but it is essential. 85% of our business is referral, which has to say something."

- Dylan Gray

Installation of Conga Composer, Conga Sign

Get up and running quickly with Conga.

Let our team do the installation and configuration while you focus on your business.

Branded document creation with data merge

Let our team automate document creation to eliminate manual tasks using workflows that initiate and complete customer engagements based on any added logic. Standardize what you send to ensure you land on-brand, every time.

Electronic signature & automated document filing

Let our team setup the electronic signature & approval workflows so your beautiful documents go to the right people, grab their attention and their signature.

Special Offer!

Free 2-Hour Consultation: [CLICK HERE](#)

Dylan knows what works! Whether you are a start-up or a global enterprise, our team has the experience to guide you to and thru what works best for your organization.
