LICENSES OPTIMIZER

Licensing App for Experience Cloud

Too often costly unlimited licenses are wasted on users who log in only a few times per month. Gain transparency into your **Salesforce Experience Cloud** users' login activity with **Licenses Optimizer**, and know which licenses are really needed in your organization to get the job done.

Licenses Optimizer, our visibility app, helps you gather actionable data for optimizing community engagement and maximizing your savings. It's a small investment that pays off over time.
