Getting Back to Work

Solution: *Wipro PURVUE*
Designed to create a clear path to reopening readiness and monitoring

What is PURVUE?

Wipro has identified the core capabilities organizations need to master to reopen successfully. PURVUE is configured with these competencies to enable you to quickly assess and prioritize.

✔ Capture pain points and align solutions to capabilities with PURVUE's mechanism that enables the value-based comparison of multiple options

✔ Provide a single platform for response teams to collaborate around capability improvement plans

✔ Measure your transformation progress using the PURVUE for Work.com Command Center component

What to Expect

01.
Assess

✔ To understand what you have and where you want to go, Wipro will survey your team to identify critical needs and timelines

02.
Engage

✔ During the critical first week, Wipro will establish a baseline configuration for your **Work.com** solution, then prioritize needed capabilities

03.
Respond

✔ Focusing on Command Center and Wellness, data will be analyzed to assess back to work status and gaps, with new action plans to bridge gaps

04.
Reopen / Reimagine

✔ With the flow of actionable data, Wipro helps you focus on transformative capabilities of mobile apps, shift management and integration
