

Question Types

The following question types are supported in ProForm:

Question Type	Description	Example
Single Select Vertical	Select one option from a list of choices - displayed vertically	 Q1. How often do you use this website? ☐ Weekly ☐ Monthly ☐ Every few months ☐ Rarely ☐ Not at all
Single Select Vertical (with correct answer)	Select an answer from a list of choices, displayed vertically. The list has one correct answer.	 Q2. What is the capital of New Zealand? ☒ Wellington ☐ Auckland ☐ Dunedin ☐ Christchurch ☐ Queenstown That's correct!
Single Select Vertical (with message)	List of choices, displayed vertically. Each selection in the list can have an optional message (displayed when this option is selected)	 Q3. Where do you live? ☐ Sydney ☐ Melbourne ☐ Brisbane ☒ Perth Awesome

Single Select Vertical (with message and comments)	List of choices, displayed vertically. Each selection in the list can have an optional message - plus room for a user comment- great for capturing more text if required e.g. "Other - please state?"	 Q4. How many concerts did you go to in the last 12 months? ☐ None ☐ 1-3 ☐ 4-5 ☐ 5-10 ☒ Other - please state Comments 15 Please tell us how many!
Single Select Vertical (with comments and action required)	List of choices, displayed vertically. Includes an optional user comment to allow user to provide additional information or feedback. Includes an Action Required field. This is for the user to indicate what action they will take. This is great for compliance / safety-related forms or other applications where you must indicate an action as part of answering this question.	 When was the last time you had a fire evacuation at your office? ☒ less than a month ago ☐ within last six months ☐ within last year ☐ years ago ☐ never had one Comments We've done this recently Action Required No further action at this time - review in 6 months
Single Select Vertical (with scoring)	Each choice can have a score associated with it – perfect for quizzes or surveys. We illustrate a Likert scale in the example opposite. Use these scoring questions together with the Scoring button (in the Content tab) to provide an overall score for your quiz.	 * Question type Single Select [Vertical with Scoring] * Question Q6. How satisfied were you with the recent system update? ☐ Required? * Please enter the list of answers/responses below (each value should be separated by a new line.) Very satisfied Somewhat satisfied Neither satisfied nor dissatisfied Somewhat dissatisfied Very dissatisfied Score for Very satisfied 100 Score for Somewhat satisfied 75 Score for Neither satisfied nor dissatisfied 50 Score for Somewhat dissatisfied 25 Score for Very dissatisfied 0

Confirmation Statement with Checkbox	Provides a statement with an accompanying checkbox (which follows the statement). Use this question type to confirm someone agrees to something – such as the company’s policies or the terms of the application form etc.	
Single Select Vertical (with dependency)	Provides up to two additional questions that are dependent on the answer to this one. You create the dependent questions first, then create a “Single select vertical with dependency” question. Chose the option for the dependent questions. Then reference the dependent questions.	
Single Select Horizontal	Provides a list of choices, displayed horizontally.	
Single Select Horizontal (with correct answer)	Select an answer from a list of choices, displayed horizontally. The list has one correct answer.	

Single Select Horizontal (with scoring)	Each choice can have a score associated with it - for quizzes or surveys. Use these scoring questions together with the Scoring button (in the Content tab) to provide an overall score for your quiz.	Question * Question type Single Select [Horizontal with Scoring] * Question Q11. Would you be willing to participate in further research? ☐ Required? * Please enter the list of answers/responses below (each value should be separated by a new line.)
