

# Comprehensive Utilities Assistance Solution

Delivering heating, cooling, water and broadband financial assistance, all packaged to address the affordable housing crisis. As a companion solution to MTX's Mortgage and Rental Assistance, improving housing stability and delivering Low Income Heating and Energy Assistance Program (LIHEAP) funds will be easy for your agency.

## Benefits:

Provides one portal for families to apply, receive updates, view benefits and renew assistance.

Consolidates the review, approval, payment, reporting and auditing process.

Manages multiple programs with easy collaboration and streamlined processes while ensuring compliance with state and federal program requirements.

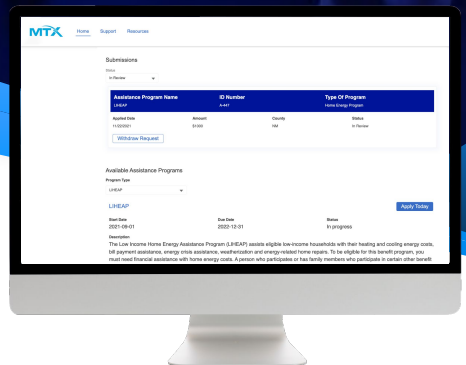

Reduces administrative tasks with configurable workflows, automated reviewer assignment and data validation.

Improves timely and accurate eligibility determination.
