Salesforce Health Check

salesforce PARTNER

COPADO   PLEDGE 1%

What is Health Check

Diagnosis of the existing setup benchmarked against best practices of leading organizations of similar industries to provide affirmation on the current design or foundation for scaling up the organizational model, technology stack, or execution framework.

How We Do?

- ▶ Conduct Product Alignment & Design Thinking workshops with business stakeholders
- ▶ Analyze the current Salesforce instant by leveraging proprietary accelerators
- ▶ Report the outcomes and evaluate them against established KPIs

Activities

Salesforce Product Review
- ▶ Product Alignment
- ▶ Org Rationalization
- ▶ Product License Type
- ▶ ALM Tools

Business Process Analysis
- ▶ Streamline business processes
- ▶ KPI/ROI Evaluation
- ▶ Strenghten Roadmap
- ▶ Adoption strategy

Technical Analysis
- ▶ Architecture Evaluation
- ▶ Integration Review
- ▶ Declarative vs. Programmatic
- ▶ Security Review
