## Our Pedigree

Founded by legal industry veterans

Bobby Steinbach, Director of engineering for Morgan & Morgan, and Andrew Nasrinpay, Director of Paid Advertising for Morgan & Morgan founded MeanPug as a full-service client origination solution for law firms.

We do **everything** but litigate your cases.

We have managed **over 300 million dollars** in advertising for legal services specifically. We know what works and what is a waste of money. We are not experimenting or learning with your advertising dollars. The MeanPug team helps generate **over 110,000+ new signed Auto Accident clients** each year. We know how the industry works.
