Akatia is helping
non-profits like
Inter-Faith Food
Shuttle **Impact**
their communities
through technology

**INTER-FAITH
FOOD
SHUTTLE**
FEED · TEACH · GROW

Inter-Faith Food Shuttle had been providing food to those most vulnerable in their communities with a goal of eliminating hunger. Inter-Faith Food Shuttle targeted inventory management as a area of innovation that could maximize their impact. Akatia Technologies has been providing them with the tools to deliver that innovation by implementing our WAM warehouse management solution. By implementing technology that promote accuracy and efficiency Inter-Faith are changing the way they manage their food inventory to the benefit of those most in need.

Innovative inventory management's **IMPACT** on achieving Zero Hunger

**Increase efficiency of food
donations & resources**

**Maximize resources to benefit the
people who need them most**

**Reduce waste & increase food
output to community**

**Ensure proper food handling by
accurate tracking**
