Dispatchers and Mobile Employees

Skedulo's Scheduling for Public Sector Solutions app allows dispatchers to manage mobile employees, view availability, create one-time and recurring appointments, avoid overbooking and track job progress.

Constituents

Give the public the ability to self-schedule appointments with government entities based on the services they require. Constituents can also reserve assets in their local community such as a park picnic area, sports field, BBQ pit, etc.

Trusted partnership

Skedulo's Scheduling for Public Sector Solutions app has been built in partnership with Salesforce to ensure it meets the unique needs of the Public Sector and Government industry.
