

Chargent for Salesforce Billing

Close the loop on your Quote-to-Cash process.

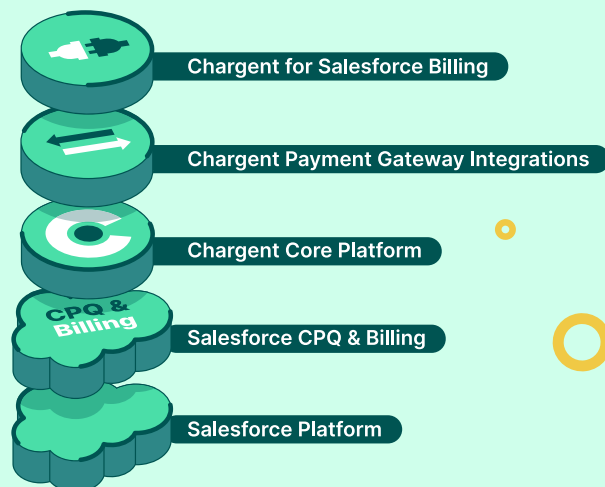

Connect your payment gateway of choice directly to Salesforce Billing. With credit card, debit card or ACH payments directly from Salesforce Billing invoices, you will accelerate your cash collection and increase visibility and tracking of your payments.

Best of all, there are no development or maintenance hassles. Choose your existing payment gateway from Chargent's extensive payment gateway integrations, and connect in minutes. Talk with us to learn more!

Accelerate the last mile of cash collections.

- Accelerate the cash in your Quote-to-Cash process by easily adding payments to Salesforce Billing.
- Chargent's 30+ payment gateways can be connected in minutes, no expensive integration work required.
- Take payments directly from the Salesforce Billing pages your team works in, no separate interface.

After all, Quote-to-Cash is just Quote-to-Invoice... Until you get paid!
