Additional Details [View Components](#)

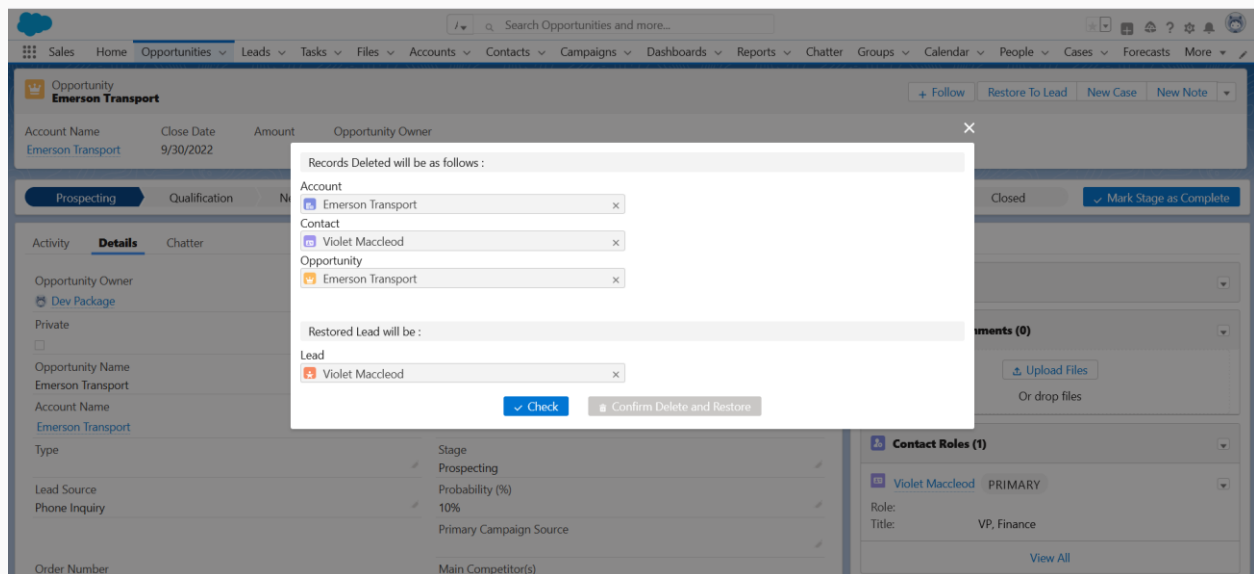

3. Once the package is installed go to page layout on opportunity object, and add the action “Restore To Lead” into the Salesforce Mobile Lightning and Experience Actions section.

4. Now go to any opportunity record which has been converted from lead. Click on action button “Restore To Lead”

5. Now confirm the action by clicking on 'Check' and 'Confirm Delete and Restore' buttons respectively.

Now the opportunity will be converted back to lead.
