

Neilon Project Management Disable Duplicate Contacts Validation

Follow below steps to disable our validation rule for duplicate contacts.

1. Go to Neilon Jobs Administration > System Configuration
2. Set **No** for **Enable Duplicate Contacts Validation**

The screenshot shows the Neilon Jobs Administration interface. The top navigation bar includes a search bar and several icons. Below the navigation bar, the 'SYSTEM CONFIGURATION' tab is selected. The 'System Configuration' section is titled 'Provide values needed to configure application for your organization.' and contains a dropdown menu for 'Enable Duplicate Contacts Validation' which is currently set to 'No'. There are 'Save' and 'Reset to System Default' buttons in the top right corner of the configuration area.

3. Click **Save**
