

## Digital Transformations in the Subscription World with Salesforce & Synthesis Systems

Looking to take your business to the next level? We know the environments. We know the systems. We know the technologies. We have the expertise to enable prosperity in the evolving Subscription World. Synthesis Systems guides you through seamless, high-quality digital transformations – the right way, the first time – to unleash your company's full potential around lead-to-cash processes and systems.

Delivered Salesforce CPQ managed services

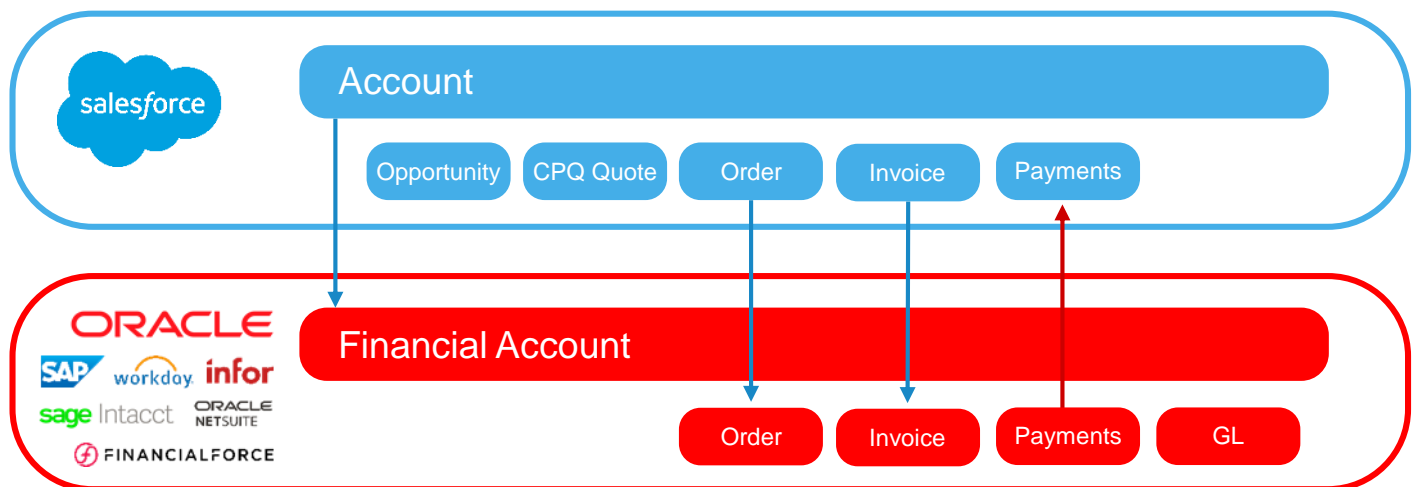

Architected the opportunity management for their subscription business

Assisted in the CPQ selection and implementation

## Salesforce Lead-to-Cash Solution

Our end-to-end lead-to-cash solution reflects our expertise gained from decades of experience working across multiple industries globally. We understand the symbiotic relationship from lead-to-cash and will help you overcome challenges your business faces. We equip our clients with solutions that help them to identify, design, and deliver digitally enabled products, services, and experiences using Salesforce-powered tools.

### How It Works

- Utilize most of out of box processes along with CPQ capabilities to efficiently process quotes and orders.
- Seamlessly integrate your billing system for accurate invoices and payments.

### Why Use It

- Enjoy quick time to market
- Gather valuable insights from pre-built reporting systems and dashboards
- Easily generate reports
- Conveniently automate manual processes
