

Using eatNgage with Salesforce more than triples the number of conversions from a lead to a meeting!

1

Install eatNgage from AppExchange

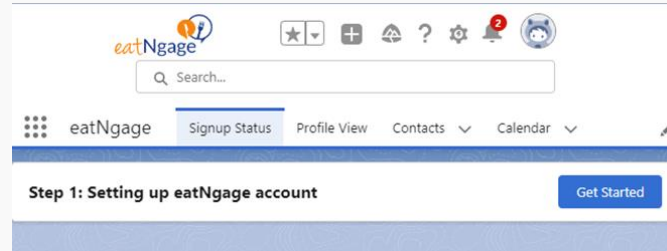

Search the AppExchange for eatNgage and follow the Salesforce installation wizard.

Convert 5x more leads to meetings

2

Complete the setup in Salesforce

eatNgage will create accounts for you and your team. Simply follow the setup for eatNgage in Salesforce to connect the two accounts. This will allow for meal selection links to be attached to meetings in the Salesforce calendar.

Capture invitees' attention

3

Provide meals to your Guests!

A simple checkbox in the meeting invitation will send a meal offer to invitees. Enjoy breaking bread with your Guests!
