

Salesforce Nonprofit Cloud + Our Expertise = Your Success

Want to take your Nonprofit
Organization to the next level?

What We Do

CONSULTING

Our consultants work closely with your team to understand your requirements and together identifying a solution that best aligns with your organization's objectives and mission.

IMPLEMENTATION

Every Salesforce solution is as unique as your organization. We are dedicated to bringing value by implementing new Salesforce systems tailored to your unique requirements following Salesforce best practices and standards.

SALESFORCE OPTIMIZATION

Salesforce release updates, changing requirements, new integrations, or user management, your Salesforce system will constantly evolve over time.

INTEGRATION & DEVELOPMENT

Integration, web components, custom Apps, or APEX programming. We provide you with system integration and custom developments always using the latest development frameworks and technologies.

Our Salesforce Product Experience

The Green
Urban
Lunch Box

"Our experience working with DTG was exceptional. We hired them to transfer our old Salesforce account to a new NPSP account....The whole team at DTG was there to ensure we received the best possible outcome. I would highly recommend working with DTG." – Jennifer Hamilton, Associate Director

"DTG was able to provide solutions and workability of our organizational reporting that we weren't even aware of – excellent service." – Janel DePew, Community Engagement Specialist
