

Send Gifts with Salesforce

Sending a customer a gift is one of the best ways to develop and deepen your relationship. It shows that you value their time, business, and loyalty and creates an opportunity for a memorable interaction.

With Snappy for Salesforce, available on the Salesforce AppExchange, you can celebrate important customer milestones with a few clicks directly in Salesforce.

Connect with Your Customers

The Snappy Salesforce App was designed as a hassle-free way to help strengthen relationships and create deeper connections.

Once set up, anyone with the proper credentials can use the Snappy platform to send a variety of gifts from different price points.

- Empower your team to send gifts directly from Salesforce
- Let your clients choose a gift they like or send branded items
- See the status of gifts you've sent
- Track return on your gifting investment with custom reports

Endless Possibilities
