

# Salesforce Certified Experts, On Demand

Access the experts you need, exactly when you need them.

**Manish Anand**  
Salesforce Developer  
Previously at  
**IBM**

**Javed Hossain**  
Salesforce Developer  
Previously at  
**Deloitte.**

**Roman Kudrin**  
Salesforce Apex Developer  
Previously at  
**VOLVO**

## Implementation

Work with our experts on demand to design and deploy out-of-the-box Salesforce capabilities within your existing business processes and organization. Our teams review your requirements in detail and turn your ideas into reality, from start to finish.

## Integration

Leverage MuleSoft and third-party tools to integrate your existing Salesforce environment with external platforms based on your unique business needs.

## Customization

Build completely custom solutions with our experts to tailor your Salesforce implementation to your exact specifications. Our Salesforce SMEs both advise and deliver based on your distinct requirements.

## Analytics

Match with our data scientists to build beautiful dashboards and reports using Salesforce tools such as Tableau and Salesforce Genie. Gain valuable insights that help your teams make critical business decisions and ensure successful outcomes.

**Toptal is the largest fully remote workforce in the world.**

Toptal is a network of the world's top talent in business, design, and technology that enables companies to scale their teams, on demand.

We work directly with companies to match them with the best people for their exact business needs, much faster than traditional recruiting methods. With Toptal, the top 3% of talent can be working for you within hours instead of weeks or months.

**21,000+**  
clients served

**140+**
