

*For the past two years, Het Nationale Theater has enjoyed working with Sjoerd, Dana and Rachana. Digiphi is flexible, thinks along, is accommodating and understands the challenge of an implementation. So not only a lot of knowledge regarding the content, but also the embrace of Salesforce in 1 organization. Very valuable!*

*"We were very pleased with the services of Digiphi. It is a pleasure communicating and working with the vibrant experts Sjoerd & Dana. Consultancy with the focus on getting our CRM system up and running: lean and no non-sense. Solutions focused and pragmatic."*

*Digiphi is a great company that is easy to approach and to work with. The implementation of Sjoerd was very smooth and quick. Over the past year, Dana helped our organisation a lot with our complicated member structure.*
